

Testing will take place under the following circumstances:

**Pre-Employment:** Pre-employment tests may be administered to free agent players (whether rookies or veterans). In addition, the League will conduct tests at its annual timing and testing sessions for Draft-eligible football players.

**Annual:** All players will be tested for Prohibited Substances at least once per League Year. Such testing will occur at training camp or whenever the player reports thereafter, and will be deemed a part of his preseason physical.

**Preseason/Regular Season:** Each week during the preseason and regular season, ten (10) players on every team will be tested. By means of a computer program, the Independent Administrator will randomly select the players to be tested from the Club's active roster, practice squad list, and reserve list who are not otherwise subject to ongoing reasonable cause testing for steroids. The number of players selected for testing on a particular day will be determined in advance on a uniform basis. Players will be required to test whenever they are selected, without regard to the number of times they have previously been tested.

**Postseason:** Ten (10) players on every Club qualifying for the playoffs will be tested periodically so long as the Club remains active in the postseason. Players to be tested during the postseason will be selected on the same basis as during the regular season.

**Off-Season:** Players under contract who are not otherwise subject to reasonable cause testing may be tested during the off-season months up to 6 times at the discretion of the Independent Administrator. Players to be tested in the off-season will be selected on the same basis as during the regular season, irrespective of their off-season locations. Any player selected for testing during the off-season will be required to furnish a urine specimen at a convenient location acceptable to the Independent Administrator. Only players who advise in writing that they have retired from the NFL will be removed from the pool of players who may be tested. If, however, a player thereafter signs a contract with a Club, he will be placed back in the testing pool.
