CHAMPIONSHIP INFORMATION

Appeals will be considered in accordance with NCAA rules. Appeals may be lodged only for errors in entries, scratches, recording of data, scoring and non-judgment errors in the application of rules. Films or videotape will not be used in the appeals process, except for the relay take-offs (see the Video Replay section of the regulations). Appeal forms may be obtained from the referee. The written statement made on the appeal form must be submitted to the referee no later than 15 minutes after the finish of the final heat/round of that event in which the appeal is applicable. TRAINING ROOM/MEDICAL INFORMATION:

The University of Georgia Sports Medicine Staff will be responsible for meeting the medical needs of the 2014 SEC Swimming and Diving Championships. Paige Herring, University of Georgia Assistant Athletic Trainer for the Swimming and Diving program, will be responsible for overseeing the staffing of this event. The following is a listing of medical services that will be available during all practices, preliminary competitions and finals competitions of the championship.

The Athens/Clarke County area is serviced by two hospitals, Athens Regional Medical Center and St. Mary's Hospital. There will be paramedics from one of the hospitals on-site each day during competition. Should an athlete require an emergency transport,

they will be taken to the emergency room at one of these hospitals. This will be in cooperation with the athletic training staff or other medical personnel at the Gabrielsen Natatorium.

The University of Georgia Health Center is located next to the Gabrielsen Natatorium. This facility will be utilized for medical needs when possible for expedience sake.

The athletic training room at the natatorium is located on the deck across from the swim coaches' offices. This area will be where all athletic trainers will work out of as it will have ice and modalities. It is strongly advised to those teams and individuals traveling without medical personnel to provide a written request and referrals for treatments such as muscle stim, ultrasound, etc.

If you have special needs or are not sending medical personnel, please inform our staff well in advance to help us accommodate your needs.

Directions to St. Mary's Hospital: From the Ramsey Center, turn right onto College Station Road. At the first traffic light, turn left onto East Campus Road. Travel on East Campus Road to the traffic light and turn right onto Milledge Ave. Continue on Milledge Ave. to Baxter Street. Turn left onto Baxter Street.
