### **Florida Cornerback Vernon Hargreaves III**

On mentoring the freshman players:

"I feel like it's my responsibility to take them under my wing and show them the ropes. They're young. They have to play so it's definitely my responsibility to get them ready to play."

On how physical the defense expects to be:

"[It will be] just as physical as last year. We're a physical defense and it's going to speak for itself."

On the defense carrying the team last season compared to this season:

"It's a team game. Offense and defense, we have to do the equal amount to win the game. I don't feel like we're going to have to do any more than the offense has to do."

On QB Jeff Driskel:

"Him being on the field, he makes a big impact on the game. He's a great player. He understands the game and I'm excited. I'm excited to see how much the offense can develop."

On a change in preparation this year compared to last year:

"I don't think there is that much of a change. It's just that we know what's at stake. We know what we have to do. We just have to take care of business."

On bouncing back from last season:

"We're just focusing on this year and focusing on being the best thing we can be."
