

2014 SEC Football Media Days Vanderbilt Player Quotes Monday, July 14, 2014

Vanderbilt Junior Safety Andrew Williamson

On Coach Mason:

“Yeah I was excited. He’s had a lot of success at Stanford, you know, one of the top defenses in the country. So right when the staff came in and did a little different stuff with the offense. They’ve got the film out, so we can get right on it and get familiar with the defense.

On defensive changes:

“We switched from a 4-3 to a 3-4, so we’ve got a couple of guys changing positions. We’ve got guys changing positions that played D-end initially, but I feel like that they’ve made a smooth transition to the outside linebacker position because they’re really good football players, not just good D-ends. Coach has mentioned having a lot of success over at Stanford, and so I feel like he’s got his own formula for success and is bringing that over here and implementing that. I feel like we will be very successful.”

On expectations for this season:

“We lost a few guys, but overall we’ve got a lot of talent up there, a lot of young talent. I feel as if one of the more talented teams that we’ve had. As far as our guys and depth, so I think the guys are buying into Coach Mason and his expectations, saying SEC championships. And guys are really buying into it. You see guys work after practice, after workouts, and guys will come in on weekends. You see, you go out there on a Saturday around 11 or 12 o’clock and there are 20 to 30 guys . So, guys are constantly working. And guys are hungry. And I feel as if we’re going to be successful with that mindset.”
