### Senior OL Reese Dismukes

*(On QB Nick Marshall's progression this offseason)*

"Honestly, coming in last year, he did not have very long to develop all the things he has had a chance to work on this offseason. I think he has continued to improve each and every day. I think he has improved tremendously both with his leadership and on the field ability."

*(On how last year's run to the BCS title felt and how the momentum will swing into the coming season)*

"What an incredible season. We just really had trust and faith in our coaches and took it one day at a time and one game at a time last year. It's something special what we did. Obviously coming up short in the end gives us motivation going into this year."

*(On how getting to the National Championship shifted the team's motivation and work ethic this offseason)*

"I think last offseason there were entirely different circumstances coming off a 3-9 season and having that to motivate you. It's a new year, and we are in a tough league. We will have to be as good, if not better than last year to even have a chance to make a run again. We just have to take it one day at a time and one game at a time and get better and better."

*(On finishing the year at the annual Senior Bowl)*

"That's always been a personal goal of mine, growing up in Mobile and always seeing those guys from Mobile going from something like the Alabama-Mississippi All-Star game to the NCAA Senior Bowl. I think that would be a great experience if I'm lucky enough to be selected, but that is way down the road. I'm focused on Arkansas right now."
