### **RS Junior Offensive Line Mack Crowder**

*(On a new offensive line and what he wants to accomplish)*

“You’re right, that is an opportunity for us to go out there and prove that we can play. We’ve obviously been in the background the past couple years and we are all really looking forward to going out there and showing what we have. What I’m hoping to accomplish is going out there and getting the job done, helping my team any way I can.”

*(How the running backs have progressed)*

“Hard workers, they come every day and they work very hard. It motivates me to watch those guys. It makes me very excited just to be able to say that I’m going to be blocking for those guys this upcoming season.”

*(What it is like playing for Coach Jones)*

“Coach Jones is a family man. He is high intensity whenever it comes time, but off the field you can go talk to him, and I really like that about a coach. It makes you able to trust him, so to speak, and you really want to listen to what he says. He is a great role model for all of us and he is definitely an exciting coach to play under.”

*(How quarterbacks have helped the offensive line)*

“All of the quarterbacks have been doing a great job of trying to step up and be leaders. Whenever they are in there, they are making sure we are on the right page, especially some of the younger guys as they begin to learn the play books. They are doing their jobs of stepping up as leaders. The good thing about Justin Worley and all the quarterbacks is that you can’t really tell who is in there whenever they are in there.”
