

2014 SEC Football Media Days Vanderbilt Player Quotes Monday, July 14, 2014

Junior Tight End Steven Scheu

(On replicating their success with a new coach)

“The same way we always have the past couple of years. What Coach Franklin brought to the table was a new mindset and hard work ethic. That’s the exact same thing Derek Mason is doing. We’re all behind Coach Mason 100 percent and ready to go this season.”

(On how the offense has changed under Coach Mason)

“Coach Mason has completely turned the offense over to our new offensive coordinator Karl Dorrell. It’s really a multifaceted offense, and we spread the ball around. It’s very fast paced and pretty exciting.”

(On Stanford’s style of offense will translate with Vanderbilt)

“I was extremely excited to hear that he was named our head coach. We are bringing philosophies just like that (Stanford’s tight end heavy offense) to Vandy. Hopefully we can have similar success now that we brought in David Kotulski from Stanford. I think the tight end position is going to be pivotal for our success this year.”

(On playing with a quarterback with college-level experience)

“It’s great to already have experience at the quarterback position. A lot of people get flustered their first couple of games, because there is so much emphasis on what the quarterback is doing. Whether it’s Patton or anybody else, we have a lot of depth at quarterback, which we haven’t had in the past. That gives us confidence going into the season.”
