### **Senior Linebacker D.J. Welter**

*On Kwon Alexander...*

“Kwon Alexander is a great player. He works really hard and he’s extremely talented. He knows that and he knows that in order to get to the next level he has to put in great work and I think he has done a great job doing that this summer. This year will be the year for him. He’s done an excellent job mentoring the younger guys, he’s a good leader, and if he sticks to what chief wants him to do and execute on game day he will be fine.”

*On the season ahead with new quarterbacks in the conference...*

“I realize that a lot of quarterbacks have left and went to the NFL and this offseason we have been watching a little bit of film with the defense. Nothing in particular with the new quarterbacks, but definitely leading up to the game we will be able to look at the new quarterbacks and what they have done in the past and in the previous games leading up to ours.”

*On the new football playoff system...*

“I feel like it’s a great opportunity for college football to be able to have four possible teams win the National Championship and it’s also an excellent opportunity for everyone playing college football, especially LSU. We know we have to do our best every week and win every game and leave everything on the field. At the end of the season, we will hopefully be one of those four teams. I am definitely a fan of the system, to be able to have the great opportunity of playing for a championship.”
