Foreword

This Southeastern Conference Manual was revised during the 1989-90 academic year and approved by the Conference at its May 1990 Annual Meeting. The revised format was first implemented into the 1990-91 SEC Manual and is organized, as the NCAA Manual is, into three major sections as follows: Constitution - Articles 1 through 6; Operating Bylaws - Articles 10 through 22, and Administrative Bylaws - Articles 30 through 32.

The subsections of Articles 1-6 in the Constitution of the SEC Manual do not necessarily have any relation to the correspondingly numbered subsections in the NCAA Manual. In the Operating Bylaws and Administrative Bylaws of the SEC Manual, subparagraphs are numbered so that similar provisions are addressed in each manual. A particular subparagraph will appear in the SEC Manual only if the corresponding SEC provision is more restrictive than the NCAA. Thus, if no correspondingly numbered subparagraph is found in the SEC Manual, the reader should interpret the SEC provision to be identical to the NCAA. In those instances where the NCAA does not have a provision comparable to the SEC, the subparagraph is numbered considerably higher than the highest numbered subparagraph in the appropriate section of the NCAA Manual. This system will allow the NCAA to add subparagraphs in that same subsection without the SEC having to renumber all of its paragraphs in the same subsection.

The rules and regulations of the NCAA constitute the base for SEC requirements. In some instances, the rules and regulations of the SEC are more restrictive than those of the NCAA, but in no case is the SEC less restrictive than the NCAA. Therefore, in determining rule interpretations, member institutions should first read the applicable Article(s) in the NCAA Manual and then the corresponding Article(s) in the SEC Manual.

Provisions in the manual, which require a two-thirds vote for amendment and a unanimous vote for suspension, are called dominant provisions and are denoted in the margin by an asterisk (*). All others require a majority vote for amendment and a two-thirds vote for suspension. The amendment and suspension procedures are covered in Article 5.3 of the SEC Constitution.

Supplementary information about policies and procedures for coordination of officiating and administration of championships, meets and tournaments may be found in the Commissioner's Regulations. The Commissioner's Regulations shall be amended by the following procedure: Sport and/or officials committees forward the proposed changes to the Athletics Directors for final action. No revision shall become effective until approved by the Athletics Directors.

This manual applies to both men's and women's athletics, except where NCAA waivers exist for women.

History of the Southeastern Conference

A pioneer in the integration of higher education and athletic competition, the Southeastern Conference stands ready to advance intercollegiate athletics into the 21st century.

Since its formation in 1933, the SEC achieved both stature and stability by designating governing/voting power to the presidents of the member institutions. They have determined the policies of the conference and through the years this involvement has been the principal source of strength in the evolution of the SEC.

Throughout its 79-year history, the SEC has provided leadership on the vital issues facing intercollegiate competition. In 1993, the member institutions adopted The Principles of Gender Equity. Committed to increasing the quantity and quality of women's athletic opportunities, each school will provide at least two more women's intercollegiate programs than the number of men's.

Faced with the task of conference realignment after competing with 10 members since 1966, the SEC welcomed the University of Arkansas on Aug. 1, 1990, and the University of South Carolina on Sept. 25, 1990. Both joined the SEC on July 1, 1991.

The conference welcomed Texas A&M University on Sept. 25, 2011 and University of Missouri on Nov. 6, 2011 in the only other expansion in SEC history. Both joined the SEC on July 1, 2012 and competed in their first year in all conference sports in 2012-13.

Alabama, Auburn, Florida, Georgia, Kentucky, LSU, Mississippi, Mississippi State, Tennessee and Vanderbilt have been in the SEC since its formation in 1933.

Fully incorporated into conference competition by 1992, Arkansas and South Carolina participated in SEC championships for all sports except football during the 1991-92 academic year. The SEC was again at the forefront, introducing football, basketball and baseball divisional play and the nation's first ever Division I football championship game.

SEC schools began athletic competition with one another over 100 years ago as members of the Southern Intercollegiate Athletic Association. Seven institutions (Alabama, Auburn, Georgia, Georgia Tech, North Carolina, Sewanee and Vanderbilt) attended the SIAA organizational meeting of faculty representatives, called by Dr. William L. Dudley of Vanderbilt, in Atlanta Dec. 22, 1894.

Student teams from the schools began meeting in various sports with little pattern to their contests. The American adaptation of the English game rugby, called "football," was drifting down from the East and Midwest. Southerners were quickly attracted to this sport formalized in 1869.

The first football game in the Southeast was played April 9, 1880, on the ground now called Old Stoll Field at the University of Kentucky. Kentucky A&M (now UK) organized a team and in November 1881, played Transylvania College in a three-game series. By 1895, 11 current SEC members were playing football.

Basketball moved quickly to the South as Vanderbilt was playing at the Nashville YMCA in 1893, just two years after Dr. James Naismith originated the game at Springfield (Mass.) College.

Track was organized on a conference level at the 1895 SIAA meeting presided over by President Dudley who served until his death in 1914. The first championship meet was held at Vanderbilt May 15, 1896. By 1900, eight of the 13 charter SEC members were participating.

The conference approved equestrian as its 21st sponsored sport for the 2012-13 academic year.

The seven-member SIAA expanded to 19 institutions in 1895 (Alabama, Auburn, Central, Clemson, Cumberland, Georgia, Georgia Tech, Kentucky, LSU, Mercer, Mississippi State, Nashville, North Carolina, Sewanee, Southwestern Presbyterian, Tennessee, Texas, Tulane and Vanderbilt) and by 1920 there were 30 members.

The larger schools reorganized as the Southern Conference at a meeting in Gainesville Dec. 12-13, 1920. Professor S.V. Sanford of Georgia called the meeting and served as the first president. Charter members of the Southern Conference included: Alabama, Auburn, Clemson, Georgia, Georgia Tech, Kentucky, Maryland, Mississippi

State, North Carolina, North Carolina State, Tennessee, Virginia, Virginia Tech and Washington & Lee.

Despite an original limit of 16, the membership grew to 23 by 1928. In 1922 Florida, Louisiana State, Mississippi, South Carolina, Tulane, Vanderbilt and Virginia Military joined, while Sewanee and Duke became members in 1923 and 1928 respectively. At one time or another, the SIAA and the SC included most of the Southern colleges from Virginia to Texas.

The 13 members west and south of the Appalachian Mountains reorganized as the Southeastern Conference at the annual SC meeting of Dec. 8-9, 1932, in Knoxville. The 10 coast members remained in the Southern Conference. Dr. Frank L. McVey of Kentucky was elected president of the new conference whose charter members were: Alabama, Auburn, Florida, Georgia, Georgia Tech, Kentucky, Louisiana State, Mississippi, Mississippi State, Sewanee, Tennessee, Tulane and Vanderbilt. (Sewanee withdrew Dec. 13, 1940, Georgia Tech on June 1, 1964 and Tulane on June 1, 1966). McVey held an informal meeting of the school presidents in Birmingham Feb. 16, 1933, then the first full meeting in Atlanta Feb. 27.

The office of the commissioner was formed in 1940 in Jackson due to the great amount of detail work developing, especially in recruiting and eligibility. Former Mississippi Governor Martin S. Conner took office as commissioner Aug. 21, 1940. Conner later became ill and the secretary of the conference, Dean N.W. Dougherty of Tennessee, served as acting commissioner during the fall of 1946.

The office moved to Birmingham with the appointing of Bernie H. Moore as the second full-time commissioner on Feb. 21, 1948. Moore, a former LSU coach, guided the SEC to national respect in his 18-year tenure.

A.M. (Tonto) Coleman succeeded Moore upon his retirement April 1, 1966. The Alabama native, who was experienced in athletic coaching and administration, served six and a half years.

Dr. H. Boyd McWhorter, then Dean of Arts and Sciences at Georgia and secretary of the league since 1967, accepted the position upon the retirement of Coleman Aug. 1, 1972. Under his leadership the SEC experienced unparalleled growth. In McWhorter's first year the SEC distributed \$1.57 million and 14 years later (1986) the league distributed \$15 million in revenue to the member institutions.

Dr. Harvey W. Schiller, an Air Force colonel and faculty chair at the U.S. Air Force Academy, followed McWhorter upon retirement, taking office Sept. 15, 1986. Under his guidance the SEC established itself as a leader in the areas of athletic scholarship and marketing.

Roy F. Kramer succeeded Schiller on Jan. 10, 1990. Kramer, who served on numerous NCAA committees, joined the league office after spending 12 years as athletic director at Vanderbilt. Kramer was Commissioner for more than 12 years before retiring in 2002.

Michael L. Slive, who served as Commissioner of Conference USA for seven years, was appointed the seventh Commissioner of the Southeastern Conference on July 2, 2002.

The first SEC champions were crowned in 1933 in baseball, basketball, football and outdoor track. The league's inaugural championship event was a basketball tournament in Atlanta Feb. 24-28, 1933. Records show the first men's team title for cross country was awarded in 1935, while golf and swimming were added in 1937. The league later began hosting championships in tennis (1938) and indoor track (1957).

In the 1979-80 academic year SEC championships for women were recognized in basketball, tennis and volleyball. The following year golf, gymnastics, swimming and track and field were added. Soccer was added in 1993 and softball began SEC play in 1997. The administration of women's athletics officially came under the auspices of the conference office on Sept. 1, 1984.

The SEC currently regulates nine men's sports and 12 women's sports: Men - baseball, basketball, football, golf, swimming, tennis and track (cross country, indoor and outdoor). Women - basketball, equestrian, golf, gymnastics, soccer, softball swimming, tennis, track (cross country, indoor and outdoor) and volleyball.

An institution may establish a more restrictive test score variance review standard at its discretion.
 - (ii) An institution is not required to provide a Special Report to the SEC Commissioner for a PSA due to Bylaw 14.1.2.2 (c) (1) if:
 - a. The PSA is a qualifier without the use of the examination score (or subscore) that triggers Bylaw 14.1.2.2 (c)(1);
 - b. The PSA is an Early Academic Qualifier, pursuant to NCAA legislation or NCAA Eligibility Center policies; or
 - c. The variance between the PSA’s highest triggering examination score (or subscore) and the PSA’s next highest corresponding score (or subscore) is less than the Southeastern Conference Test Score Review Standard.

 - (2) If, but only if, the requirement for a Special Report is triggered in whole or in part by numbered subparagraph (2) of subsection (c) of this Bylaw 14.1.2.2, the Special Report shall include a full and complete explanation of the circumstances and cause for the withdrawal or transfer, and verification that the transfer was not for the purpose of avoiding inadequate grades in core course(s) or for the purpose of securing adequate grades in core course(s) without actually meeting the academic requirements of such course(s); and
 - (3) If, but only if, the requirement for a Special Report is triggered in whole or in part by any of numbered subparagraphs (3) – (7) of subsection (c) of this Bylaw 14.1.2.2, the Special Report shall include verification that the PSA in fact properly completed and satisfied the academic requirements of all core courses and that the PSA's grades in those courses are valid, accurate, and fairly reflect the academic abilities and qualifications of the PSA.

The member institution may also include in the Special Report such additional information and materials as may be of assistance to the Commissioner in making the determination required under subsection (h) of this Bylaw 14.1.2.2.

- (f) The Special Report shall specifically call to the attention of the Commissioner and provide full and complete information concerning any known disabilities identified by the PSA that might bear on the validity of the Credentials of the PSA, or on the PSA's academic abilities and qualifications. Prospective student-athletes with disabilities are subject to and must comply with the standards and procedures set forth in this Bylaw 14.1.2.2; provided, however, that (i) in satisfying such standards, such students may take advantage of any applicable NCAA or SEC Bylaws that have the purpose or effect of providing reasonable accommodation to disabled individuals, and (ii) the Commissioner may waive or modify the standards in this Bylaw 14.1.2.2, in

his or her sole discretion, if and as necessary or appropriate to comply with applicable laws or regulations.
[Revised 6/1/08; effective 8/1/2008]

- (g) Prior to the Commissioner determining pursuant to subsection (h) of this Bylaw 14.1.2.2 that a PSA is not eligible for intercollegiate athletic competition at a member institution, the Conference shall provide the PSA with a copy of the Special Report by overnight courier service (to the address of the PSA specified in the Report), along with a copy of this Bylaw 14.1.2.2. The PSA may then submit any and all reasonable materials to the Commissioner that the PSA wants the Commissioner to consider, provided that the PSA's submission must be received by the Conference office within fifteen (15) calendar days after the Special Report is deposited with the overnight courier service for delivery to the PSA. If the PSA submits materials to the Commissioner, the PSA shall simultaneously provide a copy of the entire submission to the SEC member institution at which the PSA proposes to participate in intercollegiate athletics. In such event, the SEC institution may, at its option, provide a supplemental submission of its own to Commissioner addressing any matter in the PSA's submission; provided that such supplemental submission must be furnished to the Commissioner, with a copy to the PSA at the address specified in the Report (or such other address as may be specified in the PSA's submission), within thirty (30) calendar days after the Special Report is deposited with the overnight courier service for delivery to the PSA.
- (h) As expeditiously as is reasonably feasible after receiving the Special Report and any submissions pursuant to subsection (g) of this Bylaw 14.1.2.2., the Commissioner shall issue a determination of the PSA's eligibility to compete in intercollegiate athletic competition, based on the following criteria:
 - (1) The burden of demonstrating to the reasonable satisfaction of the Commissioner that the PSA's Credentials are valid, accurate, and fairly reflect the academic abilities and qualifications of the PSA shall be on the SEC member institution. If the SEC member institution fails to meet that burden, the Commissioner shall determine that the PSA is ineligible.
 - (2) The Commissioner shall not conduct an independent review, but shall base his or her determination on the Special Report and on any submission the PSA may choose to make pursuant to subsection (g) of this Bylaw 14.1.2.2.
 - (3) The Special Report must adequately address and resolve all material factual issues concerning the validity and accuracy of the Credentials, or concerning whether those Credentials fairly reflect the academic abilities and qualifications of the PSA.
 - (4) The Commissioner shall take into account and comply with any applicable legal requirements concerning the rights of persons with disabilities in making his or her determination.

The Commissioner's determination shall be final and not subject to appeal or review.

- (i) A PSA for whom a Special Report is required to be submitted pursuant to subsection (c) of this Bylaw 14.1.2.2 shall not be eligible to participate in intercollegiate athletic competition at a member institution unless and until the Commissioner has determined that the PSA is eligible as contemplated by subsection (h).

In the statement, the student-athlete must pledge that he or she will not accept any such extra benefit in the future.

14.1.6.2.6 Nontraditional Courses from Another Institution. A total of not more than six semester or nine quarter hours of correspondence, extension course and transfer credit completed at another institution

in any given twelve-month period may be used to fulfill the minimum satisfactory-progress requirements. (See NCAA Bylaw 14.4.3.4.3) [Revised 5/30/91]

14.1.15 Two-Year Eligibility. A student-athlete who, upon enrollment at the certifying institution, has less than two years of eligibility remaining, is not eligible for financial aid, practice or competition at the member institution. A member institution may request a waiver from the Conference office for a student-athlete transferring from an institution discontinuing a sport, provided that the student-athlete cannot complete his or her eligibility at the institution discontinuing the sport, or for a student-athlete transferring for the purpose of enrolling in an academic program not offered at the institution from which he or she is transferring. [Adopted 6/3/93; effective for those student-athletes matriculating to the certifying institution subsequent to August 1, 1994; Revised 6/3/05; Revised 6/2/06; Revised 6/1/07; Clarified/Conformed/Revised 6/1/11]

14.1.15.1 Graduate Student Exception. A student-athlete with less than two years of eligibility remaining upon enrollment at the certifying institution may receive financial aid, practice, or compete at a member institution, provided the following criteria are met [Adopted 5/30/2014]:

- (d) The student-athlete has not been subject to official university or athletics department disciplinary action at any time during enrollment at any previous collegiate institution (excluding limited discipline applied by a sports team);
- (e) The student-athlete's athletically related financial aid was not renewed by his or her previous institution;
- (f) The student-athlete earned all possible Academic Progress Rate (APR) points at his or her previous institution(s); and
- (g) Prior to initial full-time enrollment in a regular academic term at the certifying institution, the certifying institution must submit a report to the Conference office identifying any student-athlete utilizing this graduate student exception, along with supporting documentation necessary to establish each criteria set forth herein.

14.1.15.2 Graduate Student Exception Documentation. The supporting documentation required under subsection (g) of SEC Bylaw 14.1.15.1 must include the following [Adopted 5/30/2014]:

- (a) A final transcript (with proof of graduation) from the student-athlete's previous institution;
- (b) Written verification of admission and enrollment from the certifying institution's graduate school;

14.1.15.3 Graduate Student Exception Conditions and Penalties. A student-athlete using the graduate student exception set forth in SEC Bylaw 14.1.15.1 must satisfy the following conditions and is subject to the following penalties *[Adopted 5/30/2014]*:

- (a) To be eligible for any competition following the first full-time semester of enrollment at the certifying institution, the student-athlete must successfully complete at least nine (9) semester hours of graduate level academic coursework in his or her designated graduate program during that first full-time semester (which must all be completed with a passing grade accepted for credit in his or her designated graduate program);
- (b) The student-athlete must earn all possible APR points applicable for each term of enrollment. If the student-athlete does not earn all possible APR points, the certifying institution may not use the SEC Bylaw 14.1.15.1 graduate student exception in the particular sport for three years following the student-athlete's first date of initial full-time enrollment at the certifying institution; and
- (c) Immediately following both the fall and spring semesters, the certifying institution must provide a written report to the Conference office describing the student-athlete's academic record and satisfaction of the conditions set forth in this Bylaw 14.1.15.3.

14.1.16 Postseason Competition. To be eligible to compete for a member institution in postseason competition and an SEC championship event a student-athlete must pass six hours of degree credit in the academic term that concluded immediately prior to the postseason competition, regardless of whether the competition occurs at the end of the term or during the subsequent term. 14.1.16.1 Acceptable Credit Hours. Credit hours earned to fulfill the six hour requirement must be degree credits acceptable towards any degree the institution offers and are not limited to the student-athlete's specific baccalaureate degree; however, it shall not be permissible to use hours earned for participation in the student-athlete's sport to fulfill the six hour requirement. *[Adopted 6/3/05 effective 8/1/2005; Applicable to credit hours earned following 8/1/2005]*

14.1.16.1.2 Final Semester. A student-athlete enrolled in less than six hours of studies as permitted in NCAA Bylaw 14.1.8.2.1.3 is exempt from the credit hour requirement of SEC Bylaw 14.1.16, provided the student-athlete successfully completes all hours necessary to complete degree requirements. Any student-athlete enrolled in fewer than six hours per NCAA Bylaw 14.1.8.2.1.3 who fails to successfully complete all hours necessary to finish his/her degree requirements shall not be eligible to represent the member institution in postseason competition. *[Adopted 5/30/03 effective 8/1/2003]*

14.1.17 Class Attendance Policies. Southeastern Conference athletics departments shall establish class attendance policies for student-athletes. Each athletics department has discretion as to the nature and scope of the policy. Each athletics department shall provide a reasonable means for supervision and enforcement. These policies shall provide appropriate sanctions when the policy is violated. The applicable athletic sanctions shall include suspension from competition. 14.3 FRESHMAN ACADEMIC REQUIREMENTS

14.3.2 Eligibility for Financial Aid, Practice and Competition.

14.3.2.1 Non-Qualifiers *[Revised 6/1/95; Revised 6/1/2008; effective 8/1/2008]*

- (a) A non-qualifier (as defined by NCAA Bylaw 14.3.2.1) who initially enrolls at a member institution subsequent to August 1, 1993, shall not be eligible for athletically-related financial aid, or for practice or competition during his or her first year in residence. Such a student shall be eligible for non-athletics institutional financial aid that is not from an athletics source and is based on financial need only, consistent with institutional regulations. *[Revised 6/1/95; Revised 6/1/08; effective 8/1/08]*
- (b) A limited number (see limits in subsection 14.3.2.1(c) below) of student-athletes who enroll at a member institution as freshmen or as 4-4 transfer students and who are non-qualifiers (or were non-qualifiers at the time of their original enrollment in college) may become eligible for athletically-related financial aid, practice, and competition after their freshman year. Student-athletes who enroll at a member institution as freshman may become eligible for athletically related financial aid, practice, and competition after their freshman year, provided that (i) each such student presents an average high school GPA of at least 2.0 (as confirmed and certified by the NCAA Eligibility Center) in at least twelve core courses, and (ii) the Commissioner issues a favorable determination with respect to such student in accordance with the procedures set forth in subsection 14.3.2.1(g) below. Even though such non-qualifier may not receive athletically-related financial aid, the non-qualifier shall count in the institution's overall team financial aid limits. In equivalency sports, such non-qualifier shall count as one-half of a full athletic grant-in-aid the first year; in subsequent years, the actual grant-in-aid value shall count. 4-4 transfer students who were non-qualifiers at the time of their original enrollment in college may become eligible for athletically related financial aid, practice, and competition after their freshman year, provided that each such student meets the requirements of SEC Bylaw 14.5.5.6. *[Revised 6/1/96 effective June 1, 1997 for those student-athletes first entering a member institution on or after Fall semester/quarter, 1997; Revised 6/1/08; effective 8/1/2008]*
- (c) There shall be an annual limit on the number of student-athletes who are non-qualifiers and who may become eligible after their freshman year for athletically-related financial aid, practice, and competition, whether such student-athletes are enrolled as freshmen or as 4-4 transfer students. (These limits do not apply to two-year college transfer students, see Bylaw 14.5.4.2.) The limits, which are applied on an annual basis with no carry-over of unused numbers to following years, are set forth as follows: *[Adopted 6/5/99; revised 5/30/03; Revised 6/1/08; effective 8/1/2008]*

For men's sports a total of four non-qualifiers enrolled in a particular academic year (either as first year students or 4-4 transfers) may become eligible to receive athletically-related financial aid, or for practice or competition. Of these four, no more than two are permitted to become eligible in football, and no more than one may become eligible in any other sport.

For women's sports, a total of four non-qualifiers enrolled in a particular academic year (either as first year students or 4-4 transfers) may become eligible to receive athletically-related financial aid, or for practice or competition. Of these four, no more than one may become eligible in any one sport. *[Revised 5/30/03 effective 8/1/2003]*

- (d) The annual limits set forth in subsection 14.3.2.1 (c) shall not apply to any student-athlete who has been certified by the NCAA as learning disabled and who is otherwise eligible hereunder. *[Adopted 6/5/99]*
- (e) In the event that a member institution enrolls a student-athlete as a freshman who is a non-qualifier and who does not present an average high school GPA of at least 2.0 (as confirmed and certified by the NCAA Eligibility Center) in at least twelve core courses, or in the event that the Commissioner issues an unfavorable determination with respect to any such student in accordance with the procedures set forth in subsection 14.3.2.1(g) below, such student may never become eligible for athletically-related financial aid, or for practice or competition, at such institution. Before enrolling a student who may be affected by this

Bylaw 14.3.2.1(e), the member institution should inform the student that SEC Bylaw 14.5 may afford the student a path to possible eligibility, in the event, for example, that the student chooses to attend a two year college. If and to the extent otherwise allowed by NCAA Bylaws, a transfer student from a two year college may be eligible for athletically-related financial aid, practice, and competition for up to four years. [Adopted 6/1/08]

- (f) Prospective student-athletes with disabilities are subject to and must satisfy the eligibility standards set forth in this Bylaw 14.3.2.1; provided, however, that (i) in satisfying such standards, such students may take advantage of NCAA Bylaws 14.3.1.2.1.2 and 14.3.1.2.5, and any other applicable NCAA or SEC Bylaws that have the purpose or effect of providing reasonable accommodation to disabled individuals, and (ii) the Commissioner may waive or modify the standards in this Bylaw 14.3.2.1, in his or her sole discretion, if and as necessary or appropriate to comply with applicable laws or regulations. [Adopted 6/1/08; effective 8/1/2008]
- (g) For each non-qualifier admitted pursuant to subsection 14.3.2.1(b) above other than 4-4 transfer students, at or before the time of the non-qualifier's enrollment, the member institution must submit a Special Report to the Commissioner with all of the information, data, and documentation listed in subsections (d)(2) - (d)(4) and (d)(6) - (d)(7) of Bylaw 14.1.2.2 (except that the President or Chancellor need make no certification concerning eligibility as is contemplated by the last phrase in subsection 14.1.2.2(d)(7)), as well as all of the information, data, and documentation listed in subsections 14.1.2.2(e)(2) and (3) if and to the extent applicable. The Special Report shall also include the information described in subsection 14.1.2.2(f) if applicable. The Commissioner shall review such Special Report under the standards and procedures set forth in subsection 14.1.2.2(g) and (h), and shall issue a determination whether the non-qualifier shall be allowed to become eligible for athletically-related financial aid, practice, and competition after completion of his or her freshman year in the event that the non-qualifier meets or exceeds all applicable academic performance requirements (and all other requirements) for eligibility [Adopted 6/1/0; effective 8/1/2008]
- (h) The June 1, 2008 amendments to Article 14 (primarily including but not limited to the amendments to this Bylaw 14.3.2.1) shall be effective immediately for all prospective and current students; provided, however, that any requirements, conditions, or standards newly imposed by such amendments shall be waived by the Commissioner if and to the extent that the application of such new requirements, conditions, or standards would adversely affect the current or future eligibility (for athletically-related aid, practice or competition) of any student enrolled at a member institution as of September 15, 2007. [Adopted 6/1/08; effective 8/1/2008]

14.3.5 Determination of Freshman Eligibility.

14.3.5.1 Participation Prior to Certification. If a student-athlete reports for athletics participation before his or her qualification status has been certified, the student may practice, but not compete, during a 45-day period, provided the student meets all other requirements to be eligible to practice. An institution shall not provide athletically related financial aid to the student during this period. After the 45-day period, the student shall have established minimum requirements (as certified by the NCAA Eligibility Center) to continue practicing or to compete and receive athletically related financial aid. An institution is not required to count such a student in its annual non-qualifier limits or overall team financial aid limits under Bylaw 14.3.2.1, even if the NCAA Eligibility Center determines the student to be a non-qualifier, so long as the student does not practice after expiration of the 45-day temporary certification period or the date on which the NCAA Eligibility Center determines the student to be a non-qualifier, whichever is earlier. [Adopted 5/31/2013; effective 8/1/2013]

14.5.5.1 Transferring within the Southeastern Conference. A transfer student from a member institution shall not be eligible for intercollegiate competition at another member institution until the student has fulfilled a residence requirement of one full academic year (two full semesters) at the certifying institution. Further, a transfer student-athlete admitted after the 12th class day may not utilize that semester for the purpose of establishing residency. Student-athletes meeting the terms of NCAA Bylaws 14.5.5.2.1, 14.5.5.2.2, 14.5.5.2.3, 14.5.5.2.4, 14.5.5.2.5, 14.5.5.2.6, 14.5.5.2.7, 14.5.5.2.8 and 14.5.5.2.9 may seek a waiver of the provisions of this bylaw. *[Revised 6/2/00; effective 8/1/2001; Revised 6/1/08]*

- (c) The student must have attended the four-year institution for at least three semesters or four quarters (excluding summer terms) as a full time student; and
- (d) The student must have at least two seasons of competition remaining.

14.5.5.6.1 A non-qualifier who initially enrolls at any other four-year institution and transfers to an SEC member institution shall be counted in the annual limits of non-qualifiers as specified in SEC Bylaw 14.3.2.1 *[Revised 8/1/97; Revised 6/1/08]*

14.5.5.6.1.1 Graduated Student Exception. A student-athlete who has earned a baccalaureate degree shall be exempt from the annual limits in SEC Bylaw 14.3.2.1 (c). *[Adopted 6/1/2007; effective 8/1/2007 for student-athletes first enrolling at a member institution on or after 8/1/2007]*

[*Revised 6/3/93*]

14.5.7 Waivers. Prospective student-athletes with education impacting disabilities are subject to and must satisfy the eligibility standards set forth in this Bylaw 14.5; provided, however, that (i) in satisfying such standards, such students may take advantage of any applicable NCAA or SEC Bylaws that have the purpose or effect of providing reasonable accommodation to disabled individuals, and (ii) the Commissioner may waive or modify the standards in this Bylaw 14.5, in his or her sole discretion, if and as necessary or appropriate to comply with applicable laws or regulations. To be read in conjunction with NCAA Bylaw 14.7.2 (c):

- (c) **Transfer from Institution on Probation.** A student-athlete granted a waiver of the one-year residence requirement by the NCAA under NCAA Bylaw 14.7.2 (c) shall be eligible for aid, practice and participation at the time of transfer, provided all other Conference and NCAA requirements are met, but only if the transfer is from a non-Conference institution.

Full records detailing the source and distribution of all financial aid awarded to student-athletes participating in intercollegiate athletics shall be kept for a minimum of seven years.

15.01.2 Eligibility of Student-Athletes for Institutional Financial Aid.

- (a) A student-athlete who has signed an SEC Financial Aid Agreement with a member institution and is eligible to receive the athletic scholarship on the institution's first day of classes of the academic year specified on the financial aid agreement, but who does not enter that institution or who does enter and withdraws from that institution before fully completing his/her first semester or quarter (except when the recipient of an athletic scholarship award enters military service before enrolling in the awarding institution and remains in military service for a period of eighteen months or more), shall not be eligible to receive an athletics grant-in-aid during the student-athlete's first two years in residence at the second SEC institution. *[Revised 6/2/06; effective 8/1/2006]*
- (b) Participation by the institution in a representative Conference schedule is a prerequisite to the awarding of financial aid in any sport regulated by the Conference.
- (c) If a student-athlete is awarded financial aid in a sport recognized by the NCAA but not regulated by the Conference and desires to participate in a sport which is regulated by the Conference, the student-athlete must be counted as though he/she were given the same aid in the sport in which the student-athlete wishes to participate. Further, the student-athlete cannot practice or participate in the sports of football or men's basketball until he has met the provisions of NCAA Bylaws 15.5.1 and/or 15.5.9.

15.2 ELEMENTS OF FINANCIAL AID

15.2.1 Summer Financial Aid A prospective student-athlete must be certified as a qualifier by the NCAA Eligibility Center prior to being awarded financial aid by a member institution for the summer term preceding initial collegiate enrollment at such member institution. The student-athlete awarded the aid must have also been awarded aid for the upcoming fall term by the member institution. The aid award must be to allow the student-athlete to become acclimated to the university setting and to advance academically prior to initial full-time enrollment at the certifying member institution. The student-athlete must enroll in a minimum of six hours of academic course work (other than physical education activity courses) that is acceptable degree credit toward any of the member institution's degree programs. Remedial, tutorial and noncredit courses may be used to satisfy the minimum six-hour requirement, provided the courses are considered by the member institution to be prerequisites for specific courses acceptable for any degree program and are given the same academic weight as other courses offered by the institution. *[Portions adopted 6/3/05 effective immediately; portions revised 6/3/05; revised again 6/1/11]*

15.2.2 Waivers. Notwithstanding the provisions of Bylaw 15.2.1, a prospective student-athlete not certified by the NCAA Eligibility Center may be provided with financial aid for the summer term preceding initial collegiate enrollment at the certifying member institution if the prospective student-athlete has:

- (a) Graduated from high school;

- (b) Successfully completed the required minimum number of core courses as required by NCAA Bylaw 14.3.1.1 and reported on the prospective student-athlete's high school transcript;
- (c) Achieved a high school core grade point average and standardized test score for a qualifier as required by NCAA Bylaw 14.3.1.1.2 and reported on the prospective student-athlete's high school transcript or testing agency score report;
- (d) Registered with the NCAA Eligibility Center;
- (e) Presented these credentials to the certifying institution prior to enrollment in the summer term; and
- (f) The certifying institution submits a written report to the SEC office by August 1 that lists all student-athletes receiving this waiver and the date the student-athlete was officially certified by the NCAA Eligibility Center.

15.2.3 Forms. Each member institution must have student-athletes receiving athletic aid execute either the official Conference financial aid form, provided by the Conference office, or an institutional financial aid form that provides full and complete disclosure of the terms pursuant to which the aid is awarded, to ensure that each student-athlete is fully and properly informed concerning the terms of the grant-in-aid.

15.2.3.1 Mid-Year Enrollment. A prospective student-athlete who intends to enroll at a member institution for the spring term directly following high school graduation during or after the preceding fall academic term shall not be permitted to sign an SEC Financial Aid Agreement (per SEC Bylaw 15.2.3) until the prospective student-athlete has either enrolled as a full-time student and attended classes at the certifying institution, or has signed a valid National Letter of Intent during the fall early signing period. *[Adopted 6/3/11; effective 8/1/11]*

Compliance and Enforcement

19.8 Southeastern Conference Compliance Program 33

19.8 SOUTHEASTERN CONFERENCE COMPLIANCE PROGRAM

19.8.1 General Provisions

19.8.1.1 General Principles.

The primary objective of the Conference compliance program is to help member institutions achieve compliance with the Constitution, Bylaws, and other rules, regulations, and legislation of the Conference and the NCAA (referred to collectively in this Article 19 as the “Rules”) primarily through the exercise of educational programs and monitoring procedures. Although a compliance program provides no guarantees of avoiding violations, it can help to ensure that problems that arise remain limited in scope and place the member institution in a better position to take appropriate self-corrective measures.

It is the goal of the SEC compliance program to eradicate willful violations of the Rules and to reduce, as much as possible, inadvertent violations of the Rules. To achieve that end, the Conference will provide support services as appropriate to assist institutional staff members at member institutions in achieving a working knowledge of the Rules. The Conference will also define standards of expected conduct and consequences for failure to comply with the Rules. It should be emphasized that the provision of technical support and other resources by the Conference office does not relieve the member institutions from responsibility for Rules enforcement and compliance. It is the obligation of each member institution to enforce and comply with the Rules.

Absent Conference approval to make a submission directly to the NCAA, member institutions shall submit all requests for interpretations of NCAA rules and regulations to the NCAA through the Commissioner’s office.

19.8.1.2 Hiring Practices.

Member institutions should exercise great care prior to employing head and/or assistant coaches who are found to have engaged in NCAA rule violations. This is especially true for individuals who have engaged in unethical conduct as defined within the NCAA Bylaws, or who have participated in activity that resulted in a finding as part of a major infractions case. Only in extenuating situations, when the evidence on behalf of the coach is clear and convincing, should such individuals be considered for employment by a member institution.

Each member institution must include in each contract with every athletic director, coach, senior woman administrator, and other employee of its athletic department a specific provision obligating the employee to comply with the Rules and specifying that the employee agrees to be bound by and will comply with the enforcement, penalty, and other disciplinary provisions and procedures of the NCAA and of the Conference, including but not limited to the provisions of Article 4 of the Constitution and of this Bylaw 19.8.

19.8.2 Enforcement and Compliance Procedures

19.8.2.1 Reports of Alleged Violations.

- (a) Each member institution, and all employees of the member institution, shall comply with procedures developed and published by the Commissioner, with approval of the Chief Executive Officers, as such procedures shall be revised from time to time, concerning reporting violations and alleged violations of the Rules to the Conference. In compliance with and if required to do so by such procedures, a member institution associated with any violation or alleged violation of the Rules must furnish report(s), including a

full and complete final report, concerning such violation or alleged violation (and of any required investigation relating thereto) to the Commissioner.

- (b) Each member institution shall comply with procedures developed and published by the Commissioner, with approval of the Chief Executive Officers, as such procedures shall be revised from time to time, concerning reporting violations and alleged violations of the Rules to the NCAA.
- (c) The Conference office shall not conduct its own investigations but may recommend, among other options, outside resources to work with a member institution in developing necessary information.

19.8.2.2 Action by the Commissioner.

- (a) Upon receipt of the final report required by Bylaw 19.8.2.1(a), the Commissioner shall determine:
 - (1) If the member institution conducted a thorough investigation;
 - (2) If the determination made by the member institution is consistent with the information developed in its review of the allegations;
 - (3) If the information substantiates that a violation of the Rules has occurred; and,
 - (4) What, if any, penalties or sanctions should be imposed by the Conference, and whether any student-athlete should be suspended or ruled ineligible.
- (b) If the Commissioner determines that penalties or sanctions should be imposed or that a student-athlete should be suspended or ruled ineligible, the Commissioner shall proceed to impose the penalties or sanctions, or issue notice that the student-athlete is suspended or ineligible, as authorized by and provided in Article 4 of the Constitution.
- (c) The Commissioner, in his or her discretion, may postpone or decline to take action pending or subsequent to completion of an NCAA investigation and/or pending a decision by the NCAA concerning imposition of penalties or sanctions or determination of eligibility.

19.8.2.3 Reinstatement of Eligibility.

- (a) A student-athlete, or the member at which a student-athlete is enrolled, may petition the Commissioner to reinstate the student-athlete's eligibility.
- (b) The Commissioner may, in his or her discretion, restore a student-athlete's eligibility if, under all the facts and circumstances, the Commissioner concludes that reinstatement is appropriate.

19.8.2.4 Appeals.

19.8.2.4.1 Unless the Commissioner in his or her discretion stays or delays the effective date, all penalties, sanctions, eligibility determinations, and other enforcement or eligibility decisions or actions of the Commissioner shall become effective immediately upon notification to (i) the Athletic Director and the Chief Executive Officer of the member institution involved, and (ii) any student-athlete, coach, or other athletic department representative or employee affected thereby.

19.8.2.4.2 A member institution and any student-athlete, coach, or other athletic department representative or employee affected by a penalty, sanction, adverse eligibility determination, reinstatement determination, or other adverse enforcement or eligibility decision or action (all referred to collectively in the Constitution and Bylaws as an "Adverse Action") has the right to appeal the decision of the Commissioner to the Executive Committee and to further appeal any decision of the Executive Committee to the Conference (*i.e.*, to the Chief Executive Officers).

19.8.2.4.3 To appeal from an Adverse Action of the Commissioner as provided in Bylaw 19.8.2.4.2, the member institution or individual pursuing the appeal must:

- (a) Submit a written notice of intent to appeal to the Commissioner within five calendar days after the date on which the Commissioner notifies the appellant of the Adverse Action; and
- (b) Submit to the Commissioner (for distribution to the Executive Committee), within ten calendar days after submission of the written notice of intent to appeal, any written statements, documents, or other evidence or materials that the appellant wants the Executive Committee to consider.

Unless good cause exists for denying or limiting an extension, the Commissioner, upon request, may extend, for no more than twenty calendar days, the time for submission of any written statements, documents, or other evidence or materials that the appellant wants the Executive Committee to consider.

19.8.2.4.4 To appeal from a decision of the Executive Committee as provided in Bylaw 19.8.2.4.2, the member institution or individual pursuing the appeal must:

- (a) Submit a written notice of intent to appeal to the Commissioner within five calendar days after the date on which the appellant receives the decision of the Executive Committee; and
- (b) Submit to the Commissioner (for distribution to the Chief Executive Officers), within ten calendar days after submission of the written notice of intent to appeal the decision of the Executive Committee, any written statements, documents, or other evidence or materials that the appellant wants the Chief Executive Officers to consider.

Unless good cause exists for denying or limiting an extension, the Commissioner, upon request, may extend, for no more than twenty calendar days, the time for submission of any written statements, documents, or other evidence or materials that the appellant wants the Executive Committee to consider.

19.8.2.4.5 The Executive Committee and the Chief Executive Officers shall resolve appeals after considering the submissions of the appellant and after considering any submissions or information provided by the Commissioner, either upon his or her own initiative or upon request.

19.8.2.4.5 Unless the Commissioner in his or her discretion stays or delays the effective date after receiving notice of an appeal, any penalty, sanction, adverse eligibility determination, or other adverse enforcement or eligibility decision or action shall continue in effect pending appeals.

19.8.2.5 Compliance Reviews and Legislative Services.

- (a) The Conference office may conduct compliance reviews of member institutions. Each member institution must file a written response with the Conference office following receipt and review of a compliance review report. This written response shall address the issues identified in the report, and will be required for submission to the Commissioner within 90 calendar days of receiving the report.
- (b) The Conference office will provide legislative services, including but not limited to:
 - (1) Rules interpretations;
 - (2) Distribution of written legislative interpretation updates as well as other rules education materials;
 - (3) On-campus educational presentations to coaches and administrators; and
 - (4) Education seminars and programs, as necessary.

Member institutions should be aware that Conference office interpretations of the NCAA's Bylaws, and other rules, regulations, and legislation of the NCAA, are not binding upon the NCAA.

[Article 19 was substantially revised in its entirety effect 6/1/11 to conform to practices and procedures previously adopted by the Conference.]
