SECU ACADEMIC INITIATIVE

sing its SECU academic initiative, the Southeastern Conference sponsors, supports and promotes collaborative higher education programs and activities involving administrators, faculty and students at its member universities. SECU is led by the president or chancellor of each SEC university and is managed by the chief academic officer.

The goals of the SECU academic initiative include:

- Advancing the merit and reputation of SEC universities outside of the traditional SEC region;
- Highlighting the endeavors and achievements of SEC faculty and universities;
- Identifying and preparing future leaders for high-level service in academia;
- Increasing the amount and type of education abroad opportunities available to SEC students; and
- Providing opportunities for collaboration among SEC university personnel.

The current programs of the SECU academic initiative include:

- The SEC Academic Leadership Development Program seeks to identify, prepare and advance academic leaders for roles within SEC institutions and beyond. It has two components, a university-level program and two, three-day, SEC-wide workshops held on specified campuses for all participants.
- The SEC Faculty Achievement and Professor of the Year Awards recognize faculty with outstanding records in research and scholarship. There is one winner per campus and one overall winner for the Conference.
- The SEC Faculty Travel Grant Program is intended to enhance collaboration that stimulates scholarly initiatives

- between SEC universities. The program offers faculty from each SEC university the opportunity to travel to other SEC universities to develop grant proposals and conduct research.
- The SEC College Tour occurs each spring, and administrators from all SEC universities participate in events intended to introduce SEC universities to students, parents and high school counselors from outside of the southeast region.
- The SEC Symposium is an academic conference-type event intended to address a scholarly issue in an area of strength represented by all SEC universities. Held in Atlanta, Georgia, this marquee event puts on display the research and innovation of SEC institutions for an audience of academicians, government officials, grant funding agents and other stakeholders.
- The SEC Cooperative Education Abroad Agreement provides opportunities for students from all SEC universities to access international programs offered at other SEC universities. And as part of a renewable agreement, Italian engineering students from the Politecnico di Torino (PdT) have the opportunity to enroll at SEC universities each fall, and engineering SEC students may study there the following spring.
- The SEC MBA Case Competition is an opportunity for SEC business schools to showcase their students' skills at solving simulated, real-world problems that cover the spectrum of business disciplines. The competition is held on one SEC campus and teams of four MBA students compete against other SEC teams, the best receiving various awards and recognition.
- The SEC Academic Collaboration Grant Program is intended to expand student-focused collaboration among SEC universities. The grant is awarded annually to one SEC institution to support joint activities involving all other SEC universities. Examples of collaborative activities include intraconference competitions, graduate student recruiting fairs, undergraduate research initiatives, etc.

SEC COMMISSIONER GREG SANKEY

Greg Sankey became the eighth commissioner of the Southeastern Conference on June 1, 2015, after serving on the SEC staff for 13 years in various leadership positions.

Sankey, 51, was an integral part of former commissioner Mike Slive's efforts to reshape the SEC's governance, enforcement and compliance program, and he also oversaw the

SEC's championships staff. Most recently he played a central role in crafting the new autonomy governance structure of the NCAA, which is intended to provide the 65 institutions from the Five Conferences (ACC, Big Ten, Big 12, Pac 12 and SEC) with increased decision-making authority over policies designed to provide support for student-athletes' pursuit of academic and athletic achievements.

"The institutions of the Southeastern Conference searched for a commissioner who would carry forward the momentum of success enjoyed by the SEC over the last decade while also possessing a vision for change in the modern era of college athletics," said Zeppos. "Greg Sankey's experience with our institutions, his respect on the national landscape, his understanding of the balance of athletics and academics, and his passion for the welfare of student-athletes make him the perfect leader for the SEC."

Sankey is active within the NCAA committee structure, which includes his current service on the NCAA Gender-Equity Task Force and the Division I Committee on Infractions, for which he currently serves as chair.

He joined the SEC staff in 2002 as Associate Commissioner and was elevated to Executive Associate Commissioner and Chief Operating Officer for the league office in 2012.

"The universities of the SEC represent the greatest combination of academic and athletic excellence and I am honored to be selected to follow Mike Slive as commissioner of the Southeastern Conference," Sankey said. "The SEC is poised to make a difference in the lives of student-athletes for generations to come. We must ensure that the lessons they learn from

The Sankey family: Moriah, Cathy, Greg and Hannah

their achievements in competition and in the classroom translate into success in life after college."

Prior to joining the SEC staff, Sankey was Commissioner of the Southland Conference for nearly seven years. He joined the Southland Conference staff in 1992 where he served as both assistant and associate commissioner before he was named commissioner in 1996 at the age of 31.

Prior to his term at the Southland Conference he was director of compliance and academic services at Northwestern State University in Natchitoches, Louisiana. While at Northwestern State, Sankey also coached the Demons' golf teams for two years. Previous to his tenure at Northwestern State, he was the director of intramural sports at Utica College in upstate New York.

On March 12, 2015, the presidents and chancellors of the SEC announced Sankey would succeed Slive as commissioner of the SEC.

A native of Auburn, New York, Sankey earned his master's degree from Syracuse University and his undergraduate degree from the State University of New York College at Cortland. Sankey and his wife, Cathy, reside in Birmingham, Alabama, and have two daughters, Hannah Michelle (22) and Moriah Elizabeth (19).

SEC HEADQUARTERS

lmost 33 years after moving to Birmingham from Jackson, Miss., the SEC moved into its current headquarters on October 15, 1991.

The building is now named for Roy F. Kramer, the SEC's sixth commissioner who retired in July 2002. During his tenure as the league's commissioner, the SEC won 85 national championships and distributed more than \$654 million in revenue back to its member instituions.

The 30,000 square-foot building was provided by the city of Birmingham. It was designed to house the SEC staff and accommodate the needs of the various committees, coaches and administrative groups that meet on a regular basis.

From its headquarters, the SEC office certifies the eligibility of all student-athletes, manages championship events, enhances academic opportunities for student-athletes, monitors

NCAA and SEC compliance, coordinates officiating assignments, negotiates television contracts, distributes conference revenue, cultivates corporate sponsorships and coordinates media and public relations efforts.

In 2005, a state-of-the-art video command center was built inside the headquarters and named for the late Brad Davis, the SEC Associate Commissioner who was responsible for its development. Davis passed away on March 2, 2006.

The building also features a rotunda that highlights school banners, championship pedestals and two galleries displaying the member institutions.

The SEC Office underwent a vast renovation in the fall of 2012, with an upgrade to the Davis Command Center being completed prior to the 2014 season, which nearly the tripled the size of the area. A live satellite uplink to the SEC Network in Charlotte, N.C., was implemented in 2015.

OFFICIAL SPONSOR PROGRAM

he Southeastern Conference Official Sponsor program began in 1988 with three companies dedicated to intercollegiate athletics and higher education.

Now supported by many of the nation's top corporations, this program has evolved into the most successful of its kind.

Each member of the SEC Official Sponsor team shows its commitment to the future of intercollegiate athletics with contributions to SEC Youth Clinics, SEC Scholarship Programs and SEC Academic Enhancement Programs.

The corporations also conduct consumer promotions designed to increase sales and brand awareness. These promotions also increase public awareness of the member institutions of the SEC, which in turn supports increased ticket sales and high television and radio ratings.

In addition to the broad spectrum of benefits provided by these contributions, each SEC institution is a direct beneficiary of the program. SEC Official Sponsors include Allstate Insurance, AT&T, Belk, Dr Pepper, Gatorade and Regions Bank.

PROGRAM MISSION

The mission of the corporate sponsor program is:

 To develop marketing and promotional activities that benefit the SEC, its member institutions and the participating corporations;

- 2. To emphasize the positive role of athletics in our society; and
- 3. To provide funding for youth clinics, championship events and academic enhancement programs.

SEC OFFICIAL SPONSORS

SEC LICENSING PROGRAM

The Southeastern Conference markets its registered marks (Southeastern Conference, SEC, SEC Seal and SEC logos) through a licensing program with the Collegiate Licensing Company. The SEC began its licensing program in 1988 to protect the use of its name and insignias and to ensure that its member institutions benefit from the use and sale of items bearing its name and/or logos.

The program also ensures that manufacturers and retailers market only the highest-quality merchandise using the conference name and logos. The SEC has joined a significant number of colleges and universities throughout the country to bring about consistency in the marketplace for officially-licensed collegiate products.

SEC FOOTBALL VIDEO REPLAY

The Southeastern Conference, following the rules set forth by the NCAA Football Rules Committee, will utilize video replay for the 2015 football season. The following are the NCAA Rules on Instant

SECTION 1. Purpose and Philosophy

Purpose

ARTICLE 1. Instant replay is a process whereby video review is used to confirm, reverse or let stand certain on-field decisions (Rule 12-3) made by game officials.

Philosophy

ARTICLE 2. The instant replay process operates under the fundamental assumption that the ruling on the field is correct. The replay official may reverse a ruling if and only if the video evidence convinces him beyond all doubt that the ruling was incorrect. Without such indisputable video evidence, the replay official must allow the ruling to stand.

SECTION 2. Eligibility for Instant Replay

Participation

ARTICLE 1.

- a. Any member institution may use instant replay, but there is no requirement to do so. If instant replay is used, it must be used in full compliance with this rule.
- For any nonconference game, if the home team is using instant replay, the visiting team does not have the option of declining its use for that game. If the home team is not using instant replay, it is not required to honor a request by the visiting team that it be

SECTION 3. Reviewable Plays

Scoring Plays

ARTICLE 1. Reviewable plays involving a potential score include

a. A potential touchdown or safety. [Exception: Safety by penalty for fouls that are not specifically reviewable.]
b. Field goal attempts if and only if the ball is ruled (a) below or

above the crossbar or (b) inside or outside the uprights when it is lower than the top of the uprights. If the ball is higher than the top of the uprights as it crosses the end line, the play may not be

- Forward pass or forward handing when a ball carrier is or has been beyond the neutral zone.
- d. A forward pass or forward handing after a change of team posses-
- e. Pass ruled forward or backward when thrown from behind the neutral zone.
 - 1. If the pass is ruled forward and is incomplete, the play is reviewable only if the ball goes out of bounds or if there is clear recovery of a loose ball in the immediate continuing action after the loose ball. If the replay official does not have indisputable video evidence as to which team recovers, the ruling of incomplete pass stands. (Exception: Rule 12-3-1-a)
 - If the replay official reverses an incomplete forward pass ruling and the ball is recovered, it belongs to the recovering team at the spot of the recovery and any advance is nullified.

 d. Loose ball ruled dead, or live ball ruled dead in possession of a ball carrier when the clear recovery of a loose ball occurs in the immediate continuing action.
 - 1. If the ball is ruled dead and the replay official does not have indisputable video evidence as to which team recovers, the dead-ball ruling stands.
 - 2. If the replay official rules that the ball was not dead, it belongs to the recovering team at the spot of the recovery and any advance is nullified.

- A loose ball touching on or beyond a sideline, goal line, or end line,

Miscellaneous

ARTICLE 5. Situations that may be addressed by the replay official: a. The number of players on the field for either team during a live hall.

- Clock adjustment and status when a ruling is reviewed.
- Clock adjustment at the end of any quarter. (Exception: Rule 3-2-5-b) If at the end of any quarter the game clock expires, either during a down in which it should be stopped by rule when the ball becomes dead or following the down upon a request for an available team timeout, the replay official may restore time only under these conditions:
- 1. The replay official has indisputable video evidence that time should have remained on the game clock when the ball became dead or when the team timeout was granted;
- In the second and fourth quarters only, the team in possession when the ball became dead would next put the ball in play
- from scrimmage (not the try);
 In the fourth quarter only, either the score is tied or the team that will next snap the ball is behind by eight points or fewer;
- 4. The replay official's video evidence includes the timeout signal by an official in the case where the game clock should have stopped for a requested team timeout

- d. Correcting the number of a down.

 1. This includes the result of a penalty enforcement that includes an automatic first down or loss of down.
- The correction may be made at any time within that series of downs or before the ball is legally put in play after that series. Any person who is not a player interfering with live-ball action
- occurring in the field of play (Rule 9-2-3).
- The player-disqualification portion of the penalty for targeting fouls under 9-1-3 and 9-1-4. The point of forcible contact and use of the crown of the helmet are reviewable; however, the targeting action itself is not reviewable. Note that if the disqualification is reversed the 15-yard penalty remains only if there is another personal foul in conjunction with the targeting. See the Penalty at Rules 9-1-3 and 9-1-4

Limitations on Reviewable Plays

ARTICLE 6. No other plays or officiating decisions are reviewable. However, the replay official may correct egregious errors, including those involving the game clock, whether or not a play is reviewable. This excludes fouls that are not specifically reviewable (Reviewable fouls: Rules 12-3-2-c and d, 12-3-4-b and 12-3-5-a). RULE 12 /INSTANT REPLAY FR-109

SECTION 4. Instant Replay Personnel, **Equipment and Location**

Personnel

ARTICLE 1. Instant replay personnel shall consist of the number of persons needed to operate the replay equipment within the necessary time constraints. There shall be a minimum of three persons to ensure that all plays are reviewed in an efficient and timely manner. Such persons are normally referred to as replay official, communica-tor and technician. Additional personnel may be used as needed.

ARTICLE 2. The type of equipment used to carry out necessary instant replay duties shall be determined by each conference or member institution using instant replay.

Location

ARTICLE 3.

- a. All equipment used reviewing a play during the replay process and the personnel using that equipment shall be located in a separate, secure location in the press box. This room shall not be available or accessible to any person not directly involved in
- instant replay.

 b. Additional telephonic equipment needed to allow instant replay Additional telephonic equipment needed to allow instant replay personnel to communicate with the game referee when a game has been stopped for a play review shall be located on a sideline near the field of play and preferably outside a team area. Such equipment shall provide the game referee and the replay official a secure and private means of communication.

SECTION 5. Initiating the Replay Process

Game Stop

ARTICLE 1. There are two methods to stop a game to review a ruling on the field.

a. The replay official and his crew shall review every play of a game. He may stop a game at any time before the ball is next legally put in play (*Exception:* Rule 12-3-5-c) whenever he believes that:

There is reasonable evidence to believe an error was made in the initial on-field ruling.

The play is reviewable.

The outcome of a review would have a direct, competitive

impact on the game.

The head coach of either team may request that the game be stopped and a play be reviewed by challenging the on-field ruling.

A head coach initiates this challenge by taking a team timeout before the ball is next legally put in play (Exception: Rule 12-3-5-c) and informing the referee that he is challenging the review of the referee that he is challenging. the ruling of the previous play. If a head coach's challenge is successful, he retains the challenge, which he may use only once more during the game. Thus, a coach may have a total of two challenges if and only if his initial challenge is successful. FR-110 RULE 12 / INSTANT REPLAY

2. After a review has been completed, if the on-field ruling is reversed, that team's timeout will not be charged.

 After a review has been completed, and the on-field ruling is not reversed, the charged team timeout counts as one of the three permitted that team for that half or the one permitted in that extra period.

A head coach may not challenge a ruling in which the game was stopped and a decision has already been made by the replay official.
