### **Sophomore Running Back Ralph Webb**

#### *On How Vanderbilt's Running Game Stacks Up in the SEC*

"I think we are going to do some great things offensively this year. Coach (Andy) Ludwig is doing a great job of putting players in position to make plays. We have the personnel to match the schemes now. I think, this year, it will be a much more explosive offense, scoring more points than we did last year."

#### *On Offensive Expectations At Vanderbilt*

"I expect us to utilize the things that we have done in practice. Just go out there and make plays like we do on the practice field. We'll translate from the practice field to the game field. We start our first game with Western Kentucky. I think we are going to be a great offense and more explosive than we were last year."

#### *On Using Last Season As Motivation*

"I use last season as things I could build off of. What were my weaknesses? What were my strong points? I want to build off of the things I do pretty well to be great. That is what we are doing with the program this year, just taking last season, looking at it—pros and cons—to use that as a building tool to help us be great this year."

#### *On Study Abroad Trip To Australia*

"I had the opportunity to travel and study abroad this past May in Australia. It was a great experience. I got to do some things like snorkel in the Great Barrier Reef, canoe in the mangrove swamps. I went hunting in the mangrove swamps. There were a bunch of different things I got to do. I went zip-lining—adrenaline rush."
