Senior Quarterback Brandon Allen

On Having So Many Returners on Offense

"It's very exciting for me. Starting with our big offensive line, we did a little bit of shifting up front. They work so well together up front. I am really excited for them. Our two running backs are back, Jonathan Williams and Alex Collins. They are going to do a lot of special things for us this season. Our tight end Hunter Henry and backing him up, Jeremy Sprinkle. Keon (Hatcher) at receiver. A lot of young guys at receiver that are coming up that are following Keon's leadership that are doing a great job for us. I am excited for the playmakers that are surrounding me that make my job easier."

On The Type Of Receiver You Need In This Type Of Offense

"You have to have a special type of receiver. Guys who have that attitude that they are willing to get down and dirty, they are willing to go block DB's or go crack a linebacker. The guys who are tough and physical, those are the guys we recruit. We don't recruit the flashy guys that like to only run routes one play and then get lazy and walk off the football. We want the type of guys who after they make a big play, next play they go crack a linebacker for the running back. Real team players are out there at receiver and Keon is the perfect example of that."

On The Expectations

"The expectations we have gotten from the outside, they don't compare to the expectations we put on ourselves. Inside our program, on our team, we expect to win every single game. There is not a game we go into where we think we are going to lose. We want to win every single game. There is not a person on our team that would say anything different."
