Senior Offensive Tackle John Theus

On Nick Chubb

“There were times Nick would find a hole, and I would try to pursue it, to catch up with him and get a block. Many times I wouldn’t be able to do it, because he’s just so fast. In the Auburn game last year he broke a tackle, lost a shoe, and kept running down the field. Some of the things he’s done are very special and he’s a great kid, he’s very humble.”

On Playing Florida Being from Jacksonville

“I look forward to every game the same, we want to go out there and win. This game obviously has a special place in my heart. Going home and driving over that bridge, seeing everyone out there tailgating where I did many games in high school is a feeling I can’t describe. I have tons of family friends on both sides of that stadium, some rooting for Florida and some for us, so it’s always a very high intensity game and very special for me.”

On New Strength and Conditioning Coach

“The linemen are leaner. They’re doing a great job, along with the nutritionists, of giving us the ability to play with high energy. They’re pushing us every day to be the best that we can be. I think a lot of the linemen have also taken the initiative to better their bodies as well. We have all gained muscle mass. “
