

2015 SEC Football Media Days Georgia Player Quotes Thursday, July 16, 2015

Senior Wide Receiver Malcolm Mitchell

On Which Game He Would Want UGA X Introduced As Mascot

"I would like to see him for the whole season if you ask me. I would like for him to be there from the beginning until the end, so hopefully, we see him on day one."

On If He Plans To Make A Movie Like Chris Conley

"No, I will let Chris handle all of that. I will stick to writing and trying to encourage kids to read. Chris did lay the foundation for such projects like this, so I want him to get a lot of credit because he made a full production while still in school. If you are passionate about something outside of football, it can be done while you're still at the university."

On How He Is Feeling

"I am feeling well. This is the best I have felt physically in the last two years. As you know, I have suffered from multiple injuries. Just to feel good again is a blessing within itself."

On Where He Had Came From To Where He Is Now

"Sometimes, I force myself not to think about it because it's hard to explain. It's nothing I could have ever envisioned for my own self. It was definitely a plan that somebody already had set for me. Coming into college, football is everything, the only thing. To grow beyond that and still have the same passion for football, it is something I am truly thankful for."
