### **Senior Running Back Ralph Webb**

*On Ralph feeling that he might not get the credit he deserves compared to other running backs in the conference...*

"No, I am fine with that, I am used to it. I have been underrated my whole life, throughout high school, I felt that I was underrated. So I use that as motivation and play with a chip on my shoulder."

*On the importance of playing Florida...*

"Playing in Florida is always special, being able to go back and play in my hometown. I have a chance to play in front of a lot of my friends and family."

*On having the potential to jump Hershel Walker for the all-time SEC Leading Rusher...*

"I take it as it comes. I just make sure I go out there and do my best to be the best player on the field and be the best leader for my team. At the end of the day I just do my best to make sure we get a win. Winning is all at the end that really matters to me."

*On winning three of the last five games against Tennessee...*

"We go out there and compete no matter who we are facing at any part of the year. We go out there and make sure we do the best we can and come out with a W."

*On SEC East expectations...*

"We want to compete and win the East just like everyone else, and we are going to do everything in our power to go out and get it done. We caught some fire late in the year last year and we are going to use that to start out hot this year. We are going to make sure we carry that out through the entire season."

*On decision to come back and play for another year...*

"I am just setting myself up for a better situation, and setting my team up to put us in a better position to win more games. I think at the end of the day it is going to be a win-win for me, and increasing my draft chances for next year's draft. Also, coming back and getting some more wins for this team, and continuing my legacy here at Vanderbilt while I can."
