

2017 SEC Football Media Days Kentucky Player Quotes Wednesday, July 12, 2017

Junior Safety Mike Edwards

On last season...

"Last season was a roller coaster. We started out 0-2, and then we kind of got over the hump. We picked it up, built our chemistry, and won 7 of the last 10 games. So, that was big, and getting the win over Louisville was great!"

On football program trending in the right direction...

"We talk about it all the time. Just trying to build the team together, and the past years didn't go as well, but we've been progressing every year. We went from 5-7 to now 7-6, so we're doing pretty well and picking it up."

On representing Kentucky at Media Days...

"It's a great feeling. I'm glad Coach Stoops picked me to represent the whole team and university and I really appreciate it. I'm glad to be here and I'm just glad to represent the University of Kentucky."

On playing multiple sports in high school...

"Playing multiple sports really helped me out. Track got me faster and conditioned. I loved playing basketball because it helped me learn how to move and feet. Baseball was my main sport growing up and it helped me with my range. Playing multiple sports really did help me."
