THE SOUTHEASTERN CONFERENCE

IT JUST MEANS MORE

Scholars. Champions. Leaders. These are the pillars of the Southeastern Conference, and together they represent the vision for an 88-year-old intercollegiate athletic conference that continues to experience unparalleled success. Ranging from record-breaking accomplishments by student-athletes and administrators to significant growth in media, sponsorship, and branding, the SEC continues to prove on every front why it is SECond to None.

The Conference continues to deliver record financial distributions to its member universities, which makes it possible for the Conference to support scholars through and beyond graduation, win championships in every sponsored varsity sport, and ultimately prepare young people to change the world.

The SEC's leadership believes strongly that intercollegiate athletic conferences have an obligation to aid in Student-Athlete Development and Achievement, both academically and athletically. As such, the SEC was the first conference to establish a Student-Athlete Career Tour designed to prepare students for professions after graduation, and this year the Conference again welcomed 28 students to Atlanta for a multi-day series of meetings and development. And the SEC has integrated its student-athlete leadership councils into its annual meetings to provide its young people a greater voice in their own collegiate experience.

The SEC continues to strengthen its relationships in Media and Sponsorship. The SEC Network is now available on every major cable provider and every nationwide, multi-channel subscription streaming service in the marketplace. The SEC Network also reaches 140 countries outside the U.S.

The SEC is a place where Innovation and Leadership are expected and pursued. However, the pursuit extends beyond championship rings and trophies to include officiating, administration, and other initiatives. For example, on the heels of its football and men's basketball collaborative replay success, this year the SEC became the first collegiate conference to introduce centralized video review in baseball.

The SEC has also amplified its position relative to Branding and Celebration efforts. As SECU was renamed "SEC Academic Relations," it heightened its focus on programs and activities designed to highlight the teaching, research and service accomplished on SEC campuses. The Conference also executed Year Four of the "It Just Means More" branding campaign, continuing its presence on radio, TV and online while saturating national championship cities with digital outdoor exposure.

The SEC's Athletic Achievements have historically been—and continue to be—unprecedented. The SEC continues to win national championships in multiple sports, including six national championship match-ups since March 2017 that exclusively featured SEC teams (Women's Final Four, College World Series, College Football Playoff Championship and three times in Equestrian).

STUDENT-ATHLETE DEVELOPMENT AND ACHIEVEMENTVirtual Career Tour

For the fifth consecutive year, but this time with a different twist, the SEC conducted its successful Student-Athlete Career Tour. The pandemic could not stop this important student-athlete engagement initiative as it was conducted in a virtual format, hosting 68 student-athletes from all 14 SEC universities.

The program allows graduating student-athletes to connect with human resource recruiters in various careers and submit resumes for entry-level jobs and internships. The students also learn about interview preparation, and ways to build effective business relationships through authenticity, curiosity, and social media best practices. This year, the group met with executives at several corporations in the Atlanta area including Cox Communications, The Atlanta Hawks, and Chick-fil-A.

SEC Student-Athletes and Community Service

Each year the SEC awards a \$5,000 scholarship to a male and female nominee from each school for the Brad Davis SEC Community Service Award, and \$10,000 goes to the two student-athletes selected each year as the Brad Davis SEC Community Service Leaders of the Year. In 2020-21, University of Georgia track & field athlete Jessica Drop and University of Mississippi football athlete Mac Brown were named winners of the prestigious award.

NCAA Woman of the Year – Kentucky's Asia Seidt

Kentucky swimming standout Asia Seidt was chosen as the 2020 NCAA Woman of the Year from more than 600 candidates with the announcement during a live virtual award show in November.

The prestigious honor marks UK Athletics' first NCAA Woman of the Year ever. Seidt earned more All-America honors, NCAA Championship podium finishes, Southeastern Conference Championship medals and All-SEC First Team selections than any UK swimmer or diver, man or woman, who has come before her. Meanwhile, she maintained a 4.0 cumulative grade-point average and earned a Bachelor of Science degree in kinesiology with the highest honors.

Finalists were selected from a group of 30 Woman of the Year honorees which included 10 honorees from each NCAA division and represented a range of sports.

Past NCAA Woman of the Year Winners from the SEC

2020 – Asia Seidt, Swimming and Diving, Kentucky

2018 – Keturah Orji, Track and Field, Georgia

2008 – Nkolika Anosike, Basketball, Tennessee

2005 – Lauryn McCalley, Swimming and Diving, Tennessee

2001 – Kimberly Black, Swimming and Diving, Georgia

2000 – Kristy Kowal, Swimming and Diving, Georgia

1997 – Lisa Ann Cole, Swimming and Diving, Georgia

1992 – Catherin Byrne, Swimming and Diving, Tennessee

THE SOUTHEASTERN CONFERENCE

LEADERSHIP IN A PANDEMIC ENVIRONMENT

No circumstance proved the SEC's leadership abilities more than the early uncertainties of the COVID-19 pandemic in 2020. Through uncertain times, the SEC maintained a unified conference and provided the steady, sure-handed guidance necessary to bring sports back not just for the SEC but for all of college sports. While others in the sports world struggled to find solid footing, SEC's leadership across the league moved together throughout the process in making Conference-wide decisions.

SEC member schools, as has long been the hallmark of the conference, made decisions for the good of the league rather than for the benefit of individual institutions.

Medical Task Force guided SEC to return to athletics activity

A centerpiece of the SEC's plan to create a healthy return to sports was the establishment of the SEC's Return to Activity and Medical Guidance Task Force. Comprised of medical professionals representing the 14 universities of the Southeastern Conference, the Task Force continues to guide the SEC for membership decisions related to the return of athletics activities, including team gatherings, practices, conditioning and competition.

The SEC's Return to Activity and Medical Guidance Task Force began meeting by video conference in April 2020 and updates from these meetings continue to be provided to SEC Presidents and Chancellors and Athletics Directors at regular intervals. Any policy changes related to return to athletics activity are approved by the Conference membership.

The task force was responsible for identifying recommended protocols and best practices for guiding the safe return to in-person on-campus meetings, individual workouts, out-of-season activities and skill instruction, and practice activities for student-athletes and coaches; identifying the desired amount of practice and training time required to safely acclimate student-athletes into competition; and identifying opportunities for a return to competition, including considerations for student-athletes, administrators, support staff, officials and fans.

COMMITMENT TO DIVERSITY, EQUITY, AND INCLUSION

The SEC has long understood the tremendous cultural influence that the conference has in its region of the country.

In a public statement, the SEC threatened to withhold prestigious championship events from the state of Mississippi until it removed imagery of the Confederate Battle Flag from the Mississippi state flag. "It is past time for change to be made to the flag for the state of Mississippi," Commissioner Greg Sankey said. "Our students deserve an opportunity to learn and compete in environments that are inclusive and welcoming to all. In the event there is no change, there will be consideration to precluding Southeastern Conference championship events from being conducted in the state of Mississippi until the state flag is changed."

The next day, the NCAA followed the SEC's declaration with a similar edict, threatening to withhold NCAA events unless there was change to the flag.

The Mississippi Legislature swiftly voted to change its flag and its new magnolia-centered replacement was chosen by The Commission to Redesign the Mississippi State Flag. It was approved by state referendum on November 3, 2020.

The league went further to ensure that meaningful changes to any symbol or practice or policy – written or not – that hold back historically underrepresented individuals will keep coming.

In an interview, Sankey said, "It's not a short-term conversation. We're not going to walk away from these conversations. We have to use these as learning moments. They have to be moments of change for all of us. The change we lead must be real and must realize that all are created equal, which in our case must echo across our stadiums, our arenas, our campuses, our communities, our states and our nation."

SEC Council on Racial Equity and Social Justice

The Southeastern Conference moved quickly to formally launch The Council on Racial Equity and Social Justice.

The league-wide council includes more than 60 athletes who are in the SEC's existing student-athlete engagement program, plus administrative leaders from each campus and head coaches from each sport. The Council has focused on five key areas:

Increasing access and representation for underrepresented minorities
 Providing enhanced support for underrepresented minorities
 Improving education on racial and social issues for all stakeholders

SEC Voter Education and Participation Program

On September 3, 2020, the SEC announced its first ever voter and civic engagement effort. Through the SEC Voter Education and Participation Program, all 14 member universities committed to support non-partisan engagement of SEC student-athletes, coaches and staff in the November 2020 general election and in future local, state and federal elections. "Voting is an important way to fulfill one's civic duty in America," Sankey said. "The SEC Voter Education and Participation Program focuses on creating an opportunity for our universities to help our student-athletes, coaches and staff understand and participate in the election process."

TOGETHER It Just Means More Public Service Announcements

In conjunction with the opening weekend of football games, the SEC launched a series of television public service announcements with the "TOGETHER, It Just Means More" message. The initial announcement was 60 seconds long and aired during every football game played on the September 26, 2020, opening day. Later, the SEC launched four 30-second announcements that featured all sponsored sports and universities.

From 1953-1989 the SEC Champion was determined by the accumulation of points in an individual flighted tournament (there was not a separate team tournament champion). In 1990, a team dual match format was instituted for the conference tournament which provided a SEC Tournament Champion. From 1990-98, the SEC Champion was determined by a total aggregate points accumulated at the conclusion of the conference tournament: one full point is awarded for each regular-season conference win, one-half point for wins in the first two rounds of the conference tournament, one-half point for receiving a first-round bye in the conference tournament and one full point for a win in the conference tournament semifinals and finals. For the 1999 season, the same points system was in place with a couple of changes: one full point for first-round bye in the conference tournament and one full point for a win in any round of the conference tournament. In 2000, the SEC changed the determination of its tennis regular season champion to the team with the best winning percentage in conference regular-season dual matches (11 matches).

NOTE: Regular season standings begin in 1987, the year that SEC teams began to play each member once per year. Before 1987, there was no uniform number of conference matches. Tournament matches do not count toward the SEC record, but did count in determining overall SEC Champion between 1987 - 1999 (see page 1 for complete explanation).
