THE SOUTHEASTERN CONFERENCE

A YEAR LIKE NO OTHER

The events of 2020 posed a series of complex, unprecedented challenges for the entire sports world. However, the Southeastern Conference and its 14 members were some of the unquestioned leaders in all of sports for successfully navigating issues unique to competing in a healthy environment. The league's patient resolve, keen ability to listen to all constituencies while blocking out waves of societal and media noise and the unwavering determination to do what is best for the SEC and its student-athletes were put to the test throughout the year. And as is often the case with all things SEC, that test was front and center on the national stage.

The SEC's leadership through the COVID-19 pandemic served its student-athletes well. Thousands of student-athletes were able to participate in their lifelong passions in a healthy way. Memories were created that otherwise would have never come to pass. The SEC made no hasty decisions that could have torpedoed the fall sports season early. Under the constant spotlight on the SEC, the conference fostered a culture of extreme collaboration among the leaders of the league in order to allow the SEC's 14 schools to move together in lockstep through adversity, difficult decisions and unrelenting social pressures.

The SEC established a new start date to the 2020 season and re-engineered its football schedule to become the example of how to successfully operate – and still celebrate athletic achievement – during a global crisis.

While football garnered the most attention, the SEC also conducted fall championships in soccer and cross country. The conference also safely participated in volleyball, and men's and women's golf, providing the highest level of amateur competition to student-athletes who otherwise would have been sidelined in the fall, then continued through the winter and spring with a full slate of sports and championship events.

While the pandemic had a devastating effect on the finances of college athletics programs across the country, the SEC kept focus on the long-term financial vitality of the league. In 2020, the SEC finalized a milestone 10-year agreement with the Walt Disney Company that grants ABC and ESPN exclusive broadcast rights to premier SEC football and basketball events beginning in 2024-25 and continuing through 2033-34.

The expansive landmark deal, which creates significantly more scheduling flexibility for fans and schools, will establish ABC as the new broadcast network home for Saturday afternoon SEC football games, as well as selected Saturday primetime football games and the annual SEC Football Championship Game beginning in 2024. In addition, approximately eight incremental marquee men's basketball games will be featured across ABC or ESPN.

Perhaps the most significant agreement in 2020 the conference continued to make good on was the commitment to providing equal opportunities to historically underrepresented individuals. The league office understands the tremendous cultural influence the SEC has in its region of the country. And that influence was leveraged on a multitude of cultural and societal frontiers last year, including focusing on the need to once and for all remove Confederate imagery from the state flag of Mississippi.

The SEC's widely popular slogan "It Just Means More" has struck a cultural nerve for the Conference for the past six years. But after 2020, it can certainly also be applied to the effective and impactful leadership of the 14 universities of the Southeastern Conference.

LEADERSHIP IN A PANDEMIC ENVIRONMENT

No circumstance proved the SEC's leadership abilities more than the early uncertainties of the COVID-19 pandemic in 2020. Through uncertain times, the SEC maintained a unified conference and provided the steady, sure-handed guidance necessary to bring sports back not just for the SEC but for all of college sports. While others in the sports world struggled to find solid footing, SEC's leadership across the league moved together throughout the process in making Conference-wide decisions.

SEC member schools, as has long been the hallmark of the conference, made decisions for the good of the league rather than for the benefit of individual institutions.

As an example, the SEC played an incredible 69 of its 71 scheduled football games in 2020. That was only possible because the SEC moved a remarkable 15 football games during the course of the season, something that could not have happened if school leaders had not been willing to make adjustments and changes in their schedules that did not necessarily benefit them individually. They all bought in to the league's direction that it was for the good of the Conference to play as many games as possible.

Medical Task Force guided SEC preparation for return to athletics activity

A centerpiece of the SEC's plan to create a healthy return to sports was the establishment of the SEC's Return to Activity and Medical Guidance Task Force. Comprised of medical professionals representing the 14 universities of the Southeastern Conference, the Task Force continues to guide the SEC for membership decisions related to the return of athletics activities, including team gatherings, practices, conditioning and competition.

The SEC's Return to Activity and Medical Guidance Task Force began meeting by video conference in April 2020 and updates from these meetings continue to be provided to SEC Presidents and Chancellors and Athletics Directors at regular intervals. Any policy changes related to return to athletics activity are approved by the Conference membership.

The task force was responsible for identifying recommended protocols and best practices for guiding the safe return to in-person on-campus meetings, individual workouts, out-of-season activities and skill instruction, and practice activities for student-athletes and coaches; identifying the desired amount of practice and training time required to safely acclimate student-athletes into competition; and identifying opportunities for a return to competition, including considerations for student-athletes, administrators, support staff, officials and fans.

A Conference That Leads and Doesn't Follow

Did the SEC follow in 2020? Most certainly. Many times. The Conference followed the science. The Conference followed health experts. Most importantly, the Conference followed its own constitution to give sound, fact-based guidance despite enormous pressure to make hasty decisions in reaction to the COVID-19 pandemic. When speculation was that all of college football would shut down, the SEC persevered and forged forward with steady conversations with colleagues and outside authorities.

Shortly after the SEC Soccer Championship in November, Commissioner Greg Sankey summed up the efforts of SEC leaders proudly. 'There's actually very few conferences...that have played a postseason tournament in a sport in this COVID era, and we did that in women's soccer. All 14 teams over 10 days, staying in different hotels. We stayed healthy, named a champion. And when you think about the domino effect there, Sarah Fuller's around, comes up here, kicks off and then kicks extra points in the Tennessee game and is involved in the presidential inauguration. So we know by trying there can be great stories.'

A BLOCKBUSTER DEAL

While the pandemic had a devastating effect on the finances of college athletics programs across the country, the SEC ensured that there is a light at the end of the tunnel for the future of the Conference. In 2020, the SEC finalized a milestone 10-year agreement that grants ABC and ESPN exclusive broadcast rights to premier SEC football and basketball events beginning in 2024-25 and continuing through 2033-34.

The landmark deal, which represents a significant expansion of the conference's current partnership with ESPN, will establish ABC as the new broadcast network home for Saturday afternoon SEC football games, as well as selected Saturday primetime football games and the annual SEC Football Championship Game. In addition, approximately eight incremental marquee men's basketball games will be featured across ABC or ESPN.

THE SOUTHEASTERN CONFERENCE

"This is a significant day for the Southeastern Conference and for the future of our member institutions. Our agreement with ESPN will greatly enhance our ability to support our student-athletes in the years ahead and to further enrich the game day experience for SEC fans around the world," said SEC Commissioner Greg Sankey on December 10. "The broadcast industry's intense and widespread interest in securing the SEC's First Tier rights is a direct reflection of the sustained excellence achieved by our 14 member schools, and we are thrilled to have been able to maximize our current position of strength to benefit our student-athletes, the fans who go to our games and home viewers." The SEC's First Tier rights agreement will place all SEC media rights under The Walt Disney Company umbrella, giving the SEC exposure on ABC, ESPN, ESPN2, ESPNU, ESPN+, SEC Network and SEC Network+.

Under terms of the pact more than 1,950 SEC games will be carried each year across the conference's 21 sports on ESPN networks and SEC Network. What's more, ABC will air an SEC-controlled football game each week beginning in 2024, including a regular late-afternoon kickoff. In addition, ESPN will have the ability to feature marquee SEC games on ABC's "Saturday Night Football" for the first time. The SEC Football Championship will also air on ABC in each season.

Putting Student-Athletes and Fans First

College football has embraced a longstanding scheduling quirk. And in 2020, the SEC took a step to disrupt that tradition for years to come. Unlike most major spectator sports, the vast majority of game times in college football are set within two weeks of kickoff. And only the early weeks of the schedule are announced before the season. All other games are selected on a 12-day notification. The lack of lead time is a frequent complaint from college sports fans.

The SEC got creative when striking the blockbuster TV rights deal with The Walt Disney Company. Starting in 2024, the SEC will introduce a modernized, more fan-friendly scheduling process. Most game times will be announced before the season so fans will know how to plan.

At the same time, the schedule will still provide enough flexibility for ESPN to maximize the exposure of the SEC's biggest and best games and react to storylines throughout the season.

Nuts and Bolts of the Agreement

The agreement includes a number of significant elements that will benefit student-athletes and fans alike:

- Regular SEC Football Game on ABC on Saturday Afternoons
- Additional football games on ABC Saturday Nights
- SEC Football Championship Game on ABC
- Introduction of a modernized, more fan-friendly scheduling process, with many game windows solidified earlier while providing flexibility to maximize the exposure of the Conference's biggest games
- More marquee men's basketball games on ABC or ESPN
- Additional non-conference men's basketball games on ABC, ESPN and ESPN2
- Beginning with the 2021-22 season, the right to place a limited number of non-conference football and men's basketball games on ESPN+ that will allow schools autonomy to determine start times

"One of our primary goals was to improve the television scheduling process in ways that will benefit our students, coaches, alumni and fans," said Sankey. "With all SEC events now under The Walt Disney Company umbrella, we were able to craft an agreement that includes more lead time for many game time announcements, and in many ways modernizes the college football scheduling process."

"This new agreement was born from a strong foundation which began almost 25 years ago and now reflects a shared vision of the future with the SEC, Commissioner Sankey and their member institutions" said Jimmy Pitaro, Chairman, ESPN and Sports Content. "With all the conference's games under the ESPN umbrella and adding ABC and ESPN+ to our distribution channels,

ESPN will have complete scheduling flexibility, resulting in maximum exposure and adding significant benefits for SEC schools, student-athletes and fans."

NOT A SHORT-TERM CONVERSATION. COMMITMENT TO DIVERSITY, EQUITY, AND INCLUSION

The SEC has long understood the tremendous cultural influence that the conference has in its region of the country.

In a public statement, the SEC threatened to withhold prestigious championship events from the state of Mississippi until it removed imagery of the Confederate Battle Flag from the Mississippi state flag. "It is past time for change to be made to the flag for the state of Mississippi," Commissioner Greg Sankey said. "Our students deserve an opportunity to learn and compete in environments that are inclusive and welcoming to all. In the event there is no change, there will be consideration to precluding Southeastern Conference championship events from being conducted in the state of Mississippi until the state flag is changed."

The next day, the NCAA followed the SEC's declaration with a similar edict, threatening to withhold NCAA events unless there was change to the flag.

The Mississippi Legislature swiftly voted to change its flag and its new magnolia-centered replacement was chosen by The Commission to Redesign the Mississippi State Flag. It was approved by state referendum on November 3, 2020.

The league went further to ensure that meaningful changes to any symbol or practice or policy – written or not – that hold back historically underrepresented individuals will keep coming.

In an interview, Sankey said, "It's not a short-term conversation. We're not going to walk away from these conversations. We have to use these as learning moments. They have to be moments of change for all of us. The change we lead must be real and must realize that all are created equal, which in our case must echo across our stadiums, our arenas, our campuses, our communities, our states and our nation."

SEC programming on Racial Equity and Social Justice

The Conference has teamed with the SEC Network to keep the topic top-of-mind. The Network continues to feature interviews, TV specials, and regular series with impactful content such as:

The Southeastern Conference moved quickly to formally launch The Council on Racial Equity and Social Justice.

The league-wide council includes more than 60 athletes who are in the SEC's existing student-athlete engagement program, plus administrative leaders from each campus and head coaches from each sport. The Council has focused on five key areas:

1. Increasing access and representation for underrepresented minorities
2. Providing enhanced support for underrepresented minorities
3. Improving education on racial and social issues for all stakeholders
4. Deepening commitments to local communities
5. Raising awareness of racial inequity and social injustice

Other initiatives:

SEC Voter Education and Participation Program

On September 3, 2020, the SEC announced its first ever voter and civic engagement effort. Through the SEC Voter Education and Participation Program, all 14 member universities committed to support non-partisan engagement of SEC student-athletes, coaches and staff in the November 2020 general election and in future local, state and federal elections. "Voting is an important way to fulfill one's civic duty in America," Sankey said. "The SEC Voter Education and Participation Program focuses on creating an opportunity for our universities to help our student-athletes, coaches and staff understand and participate in the election process."

College Football Playoff Foundation Extra Yard for Teachers

The SEC earmarked funds it traditionally receives from the College Football Playoff Foundation's Extra Yard for Teachers program specifically to go to low resource schools in SEC communities.

SEC Student-Athlete Enhancement Grant

The SEC added racial equity, social justice and diversity and inclusion to the list of permissible types of programs funded by the conference's student-athlete enhancement grant facilitated through applicable campus units.

TOGETHER It Just Means More Public Service Announcements

In conjunction with the opening weekend of football games, the SEC launched a series of television public service announcements with the "TOGETHER, It Just Means More" message. The initial announcement was 60 seconds long and aired during every football game played on the September 26, 2020, opening day. Later, the SEC launched four 30-second announcements that featured all sponsored sports and universities.

STUDENT-ATHLETE DEVELOPMENT AND ACHIEVEMENT IN 2020-21

Virtual Career Tour

For the fifth consecutive year, but this time with a different twist, the SEC conducted its successful Student-Athlete Career Tour. The pandemic could not stop this important student-athlete engagement initiative as it was conducted in a virtual format, hosting 68 student-athletes from all 14 SEC universities.

The program allows graduating student-athletes to connect with human resource recruiters in various careers and submit resumes for entry-level jobs and internships. The students also learn about interview preparation, and ways to build effective business relationships through authenticity, curiosity, and social media best practices. This year, the group met with executives at several corporations in the Atlanta area including Cox Communications, The Atlanta Hawks, and Chick-fil-A.

NCAA Woman of the Year – Kentucky's Asia Seidt

Kentucky swimming standout Asia Seidt was chosen as the 2020 NCAA Woman of the Year from more than 600 candidates with the announcement during a live virtual award show in November.

The prestigious honor marks UK Athletics' first NCAA Woman of the Year ever. Meanwhile, she maintained a 4.0 cumulative grade-point average and earned a Bachelor of Science degree in kinesiology with the highest honors. Finalists were selected from a group of 30 Woman of the Year honorees which included 10 honorees from each NCAA division and represented a range of sports.

SEC COMMISSIONER

Greg Sankey Commissioner Southeastern Conference

Greg Sankey became the eighth Commissioner of the Southeastern Conference on June 1, 2015 and has worked diligently to build upon the SEC's recognized success, strong foundations and rich traditions.

Sankey has effectively introduced change and advancement for the conference while respecting the institutional traditions that make the SEC unique. With an understanding of the highly competitive environment of college sports, he has fostered the collaborative culture of the SEC that sets the conference apart and supports its continuing success.

Sankey brings a big picture approach to his position through continuing focus on a vision that positions the SEC to leverage its athletics success and popularity for a greater overall cultural and economic impact on the region, the nation and the world.

During his first major address as Commissioner, he introduced his concept of "Scholars. Champions. Leaders." to describe the ultimate potential of the SEC. "Educating scholars and supporting champions provides the platform for developing leaders who will influence the world," Sankey said in his opening remarks at SEC Football Media Days in 2015.

LEADERSHIP IN A CHALLENGING YEAR

Sankey's leadership through the COVID-19 pandemic served the SEC well as the league prepared for a return to action in the fall of 2020. Sankey fostered a culture of extreme collaboration among the leaders of the Conference in order to allow the SEC's 14 schools to move together in lockstep through difficult and unprecedented decisions.

While the pandemic had a devastating effect on the finances of college athletics programs across the country, Sankey kept focus on the long-term financial vitality of the SEC. In 2020, Sankey and his team finalized a milestone 10-year agreement with the Walt Disney Company that grants ABC and ESPN exclusive broadcast rights to premier SEC football and basketball events beginning in 2024-25 and continuing through 2033-34.

Perhaps the most significant pledge on which Sankey has continued to make good is his commitment to providing equal opportunities to historically underrepresented individuals. Sankey understands the tremendous cultural influence the SEC has in its region and he has leveraged that influence on a multitude of cultural and societal frontiers, including focusing attention on the need to once and for all remove Confederate imagery from the state flag of Mississippi.

The 2020-21 athletic year proved to be a successful one for the SEC as Conference schools won nine national championships and placed a nation-leading nine schools among the top 30 in the annual Learfield Directors' Cup Standings. The year culminated with an all-SEC final at the College World Series, the seventh time during Sankey's tenure that two SEC schools met to determine a sport's national title.

ADVOCATING FOR STUDENT-ATHLETE OPPORTUNITY

Now in his seventh year as Commissioner of the SEC, Sankey has established himself as an advocate for the student-athlete, creating a framework to provide young people in the Conference with challenging leadership opportunities and expanded resources to succeed at the highest levels of academic and competitive success. New student-athlete focused initiatives under Sankey's leadership include:

- Creation of a leadership position in the SEC office for Student-Athlete Engagement, a role focused on offering student-athletes the opportunity to participate in Conference leadership.
- Introduction of Student-Athlete Leadership Councils for Football, Men's Basketball and Women's Basketball which provide student-athletes with enhanced opportunities to engage with campus leaders and Conference office staff.
- Introduction of a Student-Athlete Career Tour which provides groups of student-athletes with opportunities to engage in career exploration with high level corporations and businesses in major metropolitan areas.
- Expansion of the student-athlete role at the annual SEC Spring Meetings when student-athlete leaders participate in a robust agenda of interaction with administrators and coaches to provide their perspectives to Conference leaders.

ADVANCING THE CONFERENCE

Sankey has been intentional and diligent in addressing issues critical to college athletics, with an emphasis on integrity, ethics and sportsmanship:

- Appointed a Working Group on Student-Athlete Conduct to develop recommendations for updated Conference policies governing conduct expectations for student-athletes. As a result, the SEC adopted a serious misconduct policy governing transfers that has served as a model for similar policies subsequently adopted by other conferences and, later expanded the policy to include all incoming prospective student-athletes.
- Amended an SEC Bylaw to now require a university president or chancellor to consult directly with the SEC Commissioner before hiring someone "who has engaged in unethical conduct as defined under NCAA Bylaws or who has participated in activity that resulted, or may result, in a Level I, Level II, or major infraction."
- Created the SEC Council on Racial Equity and Social Justice, a league-wide body consisting of a diverse group of student-athletes, administrators, coaches and SEC staff. The Council identifies resources, outlines strategies and assists with implementation of efforts that, when taken together, promotes racial equity and social justice, while also fostering diversity, helping overcome racism and pursuing non-discrimination in intercollegiate athletics.

Sankey has focused resources on the development of Conference officiating with a series of measures blending technology with effective leadership to create greater accuracy and consistency for officiating in all sports, including:

- Hiring new coordinators of officials in the sports of football, men's basketball, women's basketball and softball.
- Working with the NCAA to gain approval for a collaborative instant replay process in the sports of football, men's basketball and baseball.

SEC COMMISSIONER

- Collaborating with the American Athletic and ASUN conferences to create a men's basketball officiating consortium, later adding the Sun Belt Conference and Southwestern Athletic Conference.
- Engaging in a consulting agreement with Bob Delaney, an accomplished former NBA official and executive with extensive experience in leadership training, to assume the role of Special Advisor for Officiating Development and Performance.
- Commissioning Deloitte's Advisory practice to conduct a comprehensive analysis to identify best practices and program standards for the SEC Football Officiating Program.

Another priority under Sankey's leadership is growing exposure for the Conference and effectively publicizing success stories of the SEC. Strategies pursued to achieve this objective include:

- Ongoing collaboration with the SEC Network to create unique exposure opportunities for Conference universities, teams and student-athletes, including behind-the-scenes programming, expanding live championship coverage for Olympic Sports and other unique programming.
- Engagement with a national marketing agency to develop a comprehensive branding campaign. The theme – "It Just Means More" – communicates the history, legacy and overall positive impact the SEC has on its region, the nation and the world.
- Introduction of the SEC Graduate Patch, a logo placed on the uniforms of every sport displayed by SEC student-athletes who have earned their undergraduate degree and are continuing their participation in intercollegiate athletics.

A CAREER IN COLLEGE ATHLETICS

On March 12, 2015, the Presidents and Chancellors of the SEC announced Greg Sankey would succeed Mike Slive as Commissioner of the SEC.

Sankey, 57, first joined the SEC staff in 2002 as Associate Commissioner for Governance, Enforcement and Compliance and later added supervision of the league's championships staff to his responsibilities. He was elevated to Executive Associate Commissioner and Chief Operating Officer for the league office in 2012, becoming responsible for the day-to-day operation of the SEC Office.

Before moving to the SEC, Sankey served as Commissioner of the Southland Conference for nearly seven years. He joined the Southland Conference staff in 1992 where he served as both assistant and associate commissioner before he was named its commissioner in 1996 at the age of 31.

Prior to his term at the Southland Conference, he was Director of Compliance and Academic Services at Northwestern State University in Natchitoches, LA, as well as coach of the Demon's golf teams. Before his tenure at Northwestern State, he was the Director of Intramural Sports at Utica College in upstate New York.

A native of Auburn, NY, Sankey earned his master's degree from Syracuse University and his undergraduate degree from the State University of New York College at Cortland. Sankey and his wife, Cathy, reside in Birmingham, AL, and have two adult daughters, Hannah (and her husband, Ron) and Moriah.

SOUTHEASTERN CONFERENCE

Official Sponsor Program

The Southeastern Conference Official Sponsor program began in 1988 with three companies dedicated to intercollegiate athletics and higher education. Now supported by many of the nation's top corporations, this program has evolved into the most successful of its kind.

Each member of the SEC Official Sponsor team shows its commitment to the future of intercollegiate athletics with contributions to SEC Youth Clinics, SEC Scholarship Programs, SEC Academic Enhancement Programs, Championship Grants, FanFare and Legends Programs.

The corporations also conduct consumer promotions designed to increase sales and brand awareness. These promotions also increase public awareness of the member institutions of the SEC, which in turn supports increased ticket sales and high television and radio ratings.

In addition to the broad spectrum of benefits provided by these contributions, each SEC institution is a direct beneficiary of the program. SEC Official Sponsors include Academy Sports + Outdoors, Aflac, Allstate Insurance, Dr Pepper, Farm Rich, Gatorade, Johnsonville, Mercedes-Benz, Regions Bank, T-Mobile and Velveeta.

Program Mission

The mission of the corporate sponsor program is:

1. To develop marketing and promotional activities that benefit the SEC, its member institutions and the participating corporations;
2. To emphasize the positive role of athletics in our society; and
3. To provide funding for youth clinics, championship events and academic enhancement programs.

SEC Licensing Program

The Southeastern Conference markets its registered marks (Southeastern Conference, SEC, SEC Seal and SEC logos) through a licensing program with the Collegiate Licensing Company. The SEC began its licensing program in 1988 to protect the use of its name and insignias and to ensure that its member institutions benefit from the use and sale of items bearing its name and/or logos.

The program also ensures that manufacturers and retailers market only the highest-quality merchandise using the conference name and logos. The SEC has joined a significant number of colleges and universities throughout the country to bring about consistency in the marketplace for officially-licensed collegiate products.
