Junior Wide Receiver Christian Kirk

On entering third year at Texas A&M...

"It has flown by. It is honestly an honor to be here today at SEC Media Days to represent Texas A&M University. I'm just doing everything to the best of my ability and getting ready for a big year. I want to accomplish a lot this year. I am very excited about we have coming for this year."

On being the face of the team...

"Developing everyday as a leader. I have wanted to step into that major leadership role. Last year it was Trevor Knight, who had to lead the team as captain and was very vocal person. Now I have to step into that role along with guys like Armani, Koda, and Donovan Wilson. We have to as a group step up to become vocal leaders to lead this team now. With workouts everyday we are making sure our guys get better. Staying on them and making sure we are pushing them everyday because if we aren't doing that then we aren't making them any better. Really excited with the leadership we have and looking for to leading this team."

On how you carried yourself from the beginning...

"My parents 100 percent are to thank. They instilled it in me at a young age that if I want something then I have to work hard. I have to be disciplined and very humble. Hard work has been a testament to all the success I have had and it paid off for me. I have been able to see it first hand. I have goals and dreams that I want to be accomplished. Anything outside of that holds me off that path then I'm not about it. I'm thankful to be in this place."

On your personal goals...

"I want to win a championship. I want to bring a championship to Texas A&M. That is my main goal I want to get done before I leave this place. It is something our university has waited awhile. I know we have the talent to do it. We just have to put it together the whole season. I believe we just need to finish and work hard every game. If we do what we are suppose to then I think we can win a championship, which is the number one goal for me."
