## Junior Wide Receiver Deebo Samuel

### *On Jake Bentley...*

“We all trust the coaching process, and I feel that coaches make the best decisions to help the team. When they put Jake in, you have to have trust in your quarterback, and they also trust us. His leadership keeps improving every day. He wants everyone to be the best they could be.”

### *On team dynamics...*

“We have a leadership group that everyone controls. There is someone that has the quarterbacks and I have the receivers, and it goes on down the line. We hold everyone accountable.”

### *On offense...*

“I feel like we have to take the pressure off the defense. We have to go out there and score points. We had a good recruiting class this year, so I feel like we have more depth this season.”
