THE SOUTHEASTERN CONFERENCE

It Just Means More

In 2016 the SEC launched a new marketing campaign to tell the story of the Southeastern Conference. It's a common theme that the SEC is well known for athletic success, but there is so much more to the story of our conference. Through our work with The Richards Group, a nationally-renowned marketing agency, we set out to show the other side of the SEC – one of history, legacy and an overall positive impact on our people, our communities, our state and our nation.

We sought to create television commercials for the SEC that were different than any conference had ever produced. The unique aspect of these spots are the back-stories that capture of heart of the athletic, academic and cultural story that is the Southeastern Conference.

For the first game of the 2016 Football Season we introduced a new effort to tell the story of the SEC through what you now know as the "It Just Means More," campaign.

First, we conducted a nation-wide search for an on-screen ambassador who could help tell the story of the SEC. From among 1,000 applicants we selected Wynn Everett, an accomplished TV and film actress who is a 2000 graduate of Auburn University in Liberal Arts with family connections at Vanderbilt, Georgia and Alabama.

"Ripple Effect"

The first commercial, titled "Ripple Effect," is sprinkled with images that help paint a visual picture of the SEC, including Toomer's Corner in Auburn, the legendary Georgia Barn on State Route 15, Big Blue Madness in Lexington, Death Valley in Baton Rouge, the tradition of "Lock the Vault" in Oxford, the Columns on the Missouri campus, an alumni gathering of Tennessee fans and the cadets of Texas A&M running onto the field in College Station.

A deeper story emerges with the images of real people, beginning with Carol and Jarrell Lawson, the parents of SEC Male Athlete of the Year Jarrion Lawson. It was shot just one week before Jarrion left for Rio to participate in the Summer Olympic Games, and it depicts the love and warmth of a home that proudly produced a successful student and athlete at the University of Arkansas.

There is a shot of a surgeon in a Florida scrub cap ... that's Dr. Garrison Rolle, a former football walk-on for the Gators who owns his own surgical practice, and in the background you see a young man, and that is his son Garrison, Jr., a sophomore who himself plans to become a surgeon.

You also see a young lady studying in a library ... her name is Lindsay Richardson and she graduated with a double-major from the University of South Carolina, where she served as student body president and is now enrolled in law school.

You also see three generations of the Faulkner family, a proud son, father and grandfather showing off the graduation rings they each earned from the University of Alabama, and you see Mississippi State grad Ryan Marchbanks listening to legendary Bulldog radio broadcaster Jack Cristil as he drives across the Mississippi at sunset.

Finally, you see a baby taking his birth announcement picture inside a Vanderbilt helmet ... that's 10-day old Patrick George Bahiraei, the son Anoosh and Kelly Bahiraei who graduated from Vanderbilt in 2000.

"You Can Feel It"

The SEC introduced a second commercial titled "You Can Feel It" during football bowl season and the beginning of the basketball season. It began with Wynn Everett walking on the beautiful beaches of the gulf coast and quickly transitions to our past SEC Professor of the Year, Dr. Isaiah Warner of LSU starting the day in his class room.

You see some very talented and passionate music majors from the Vanderbilt Blair School of Music ... senior opera singer Danielle Bavli and freshman cellist Mardochee Dade.

An Ole Miss professor energetically conducts class for a young group of aspiring writers on the grounds outside William Faulkner's home ... that is Dr. Jay Watson, who earned his undergraduate degree from the University of Georgia and his PhD from Harvard.

A judge proudly wears the colors of his alma mater, the University of Arkansas ... that is the Honorable Ralph Wilson, Jr., who has served as Circuit Judge in the State of Arkansas for the past 27 years.

There are two Texas A&M students honoring the Aggie tradition of removing their hats as they enter The Memorial Student Center ... that is Economics major Koiula Lau and Ariel Mitchell, a Construction Science major.

You see a young woman at the University of Kentucky who shows just how the SEC can influence the world ... that is Yatta Boakari, a student from Brazil who traveled to the United States to major in Equine research.

A close-up of an enticing chocolate truffle peanut butter pie, topped with torched banana meringue and peanut butter cookie introduces David Bancroft, the owner and executive chef of Acre Restaurant who attended Auburn and is now a major donor to Auburn's Shellfish Lab with which he works to develop sustainable oyster farming.

And in this spot you meet several of our student-athletes, including gymnast Aja Sims, a Scholastic All-American from Alabama, in a rigorous evening workout ... golfer Gaby Amos, a Political Science major from South Carolina as she walks a picturesque golf

course on the Atlantic Ocean ... volleyball player Carly Kan, a Finance major from Missouri, and Pete Alonso, a Florida graduate who now plays in the New York Mets farm system.

And as Wynn says "Sometimes it really IS rocket science," you see members of the Space Cowboys, proud and accomplished students in Mississippi State's Aerospace Engineering program.

Intermingled with these stories are other visuals that show the color and pageantry of the SEC, including a glorious Saturday afternoon in Neyland Stadium in Knoxville, and historic sites on the campus of the University of Georgia.

These are the real stories of the Southeastern Conference and this is why we chose to share with the world why, in the SEC, "It Just Means More."

SEC Graduate Patch

Last year marked the introduction of the SEC Graduate Patch, a logo placed on the uniforms of SEC student-athletes in every sport who have earned their undergraduate degree and have remaining athletic eligibility.

Perhaps no other mark in college athletics represents so much. It is common for conferences to place logos on the uniforms of student-athletes to represent their schools' league affiliation. In the SEC, a celebratory banner appears beneath the Conference mark when a student-athlete graduates, making the SEC Graduate Patch a unique representation of the ultimate achievement of the college experience.

In addition, the SEC Graduate Patch represents a common bond that connects the academic achievement of one SEC student-athlete with that of another SEC student-athlete, regardless of school affiliation and even in the heat of competition.

SEC student-athletes wear the SEC Graduate Patch with pride, and we share their sense of achievement as we are reminded during athletic competition of their signature academic accomplishment.

Dr. James Birchler, University of Missouri 2017 Southeastern Conference Professor of the Year

James Birchler is the Curators' Distinguished Professor of Biological Sciences at the University of Missouri. Dr. Birchler earned his bachelor's degree in botany and zoology from Eastern Illinois University, and master's and doctoral degrees in genetics and biochemistry from Indiana University. He performed postdoctoral work at Oak Ridge National Laboratory and the University of California, Berkeley.

Dr. Birchler was an assistant and associate professor at Harvard University prior to joining the Missouri faculty in 1991. He teaches classes in general genetics and advanced plant genetics. Dr. Birchler is well-known for his entertaining, informative and knowledgeable teaching methods in his undergraduate genetics class, which include using full regalia to characterize Gregor Mendel, the father of modern genetics. He has mentored 41 undergraduate research students, three master's students, 20 Ph.D. students and 35 postdoctoral fellows.

Dr. Birchler's research of *Drosophila*, commonly known as fruit flies, focuses on gene silencing and dosage compensation. His laboratory uses maize as a model organism to study the structure and behavior of chromosomes, centromere epigenetics, heterosis, polyploidy and aneuploidy. In general, the laboratory is interested in the consequences of dosage sensitive gene regulatory mechanisms in multicellular eukaryotes and their implications for the phenotype and evolutionary processes.

During his time at Missouri, Dr. Birchler has been awarded more than \$13 million in research grants and authored or co-authored more than 135 scientific publications. He has served on the editorial boards of *Tropical Plant Biology*, *McGraw-Hill Yearbook of Science and Technology*, and the *Journal of Biomedicine and Biotechnology*, among others. He is associate editor of both *GENETICS* and *G3*, two of the top peer-reviewed genetics journals.

In 2014, Dr. Birchler was named a fellow of the National Academy of Inventors for his development of the first engineered synthetic plant chromosome, as well as a method for visualizing chromosomes in plants. Both inventions provide broad scientific and industrial application and sustained impact. He is also a fellow of the American Association for the Advancement of Science and a member of the National Academy of Sciences.

Dr. Birchler earned the UM System President's Award for Sustained Career Excellence in 2015. He has also been honored with the Dr. Abraham Eisenstark Faculty Fellow Award from Missouri's Division of Biological Sciences and the Fellows Award from the Academy of Science of St. Louis. In 2003, he was named one of five "Teaching Legends" by *Mizzou* magazine.

Internationally, he earned the Award for Excellence in Academic Achievements from Northeast Normal University in the Peoples Republic of China in 2007, and was named an Einstein Professor by the Chinese Academy of Sciences in 2014 and Honorary Professor of Beijing Normal University in 2015.

Revenue Distribution To Member Institutions

Approximately \$569.9 million of total revenue was divided among the 14 institutions of the Southeastern Conference for the fiscal year that ended August 31, 2017.

The total includes \$573.8 million distributed from the conference office, as well as \$23.1 million retained by institutions that participated in 2016-17 football bowl games to offset travel and other related bowl expenses.

The average amount distributed from the conference office, excluding bowl money retained by participants, was slightly over \$40.9 million per school.

Currently more than 5,400 female and male student-athletes across the SEC receive financial aid and, counting non-scholarship participants, more than 7,800 total student-athletes participate in sports sponsored by SEC institutions.

The 2016-17 academic year was the second in which SEC schools funded new costs associated with providing scholarships based on a student-athlete's full cost of attendance while expanding the availability of lifetime educational opportunities to former student-athletes as allowed by the NCAA as a result of action by the Autonomy Five Conferences.

In addition, each SEC university utilizes a portion of the revenues to find a wide range of academic and campus improvement initiatives, including academic scholarships, endowed faculty positions, student wellness programs, research programs, and forward-looking building projects.

The total distribution amount is comprised of revenue generated from television agreements, post-season bowl games, the College Football Playoff, the SEC Football Championship, the SEC Men's Basketball Tournament, NCAA Championships and a supplemental surplus distribution.

The distribution amount does not include approximately \$7.8 million of academic enhancement payments paid directly from the NCAA and divided equally among the 14 member institutions.

The total revenue for 2016-17 is an increase above the \$584.2 million distributed in 2015-16 and the per school distribution represents an increase over the average school distribution of \$40.4 million in 2015-16, not including bowl money retained by participants.

SEC COMMISSIONER

Greg Sankey Commissioner Southeastern Conference

Greg Sankey became the eighth commissioner of the Southeastern Conference on June 1, 2015, and quickly engaged in building upon the SEC's strong foundations and rich traditions.

Sankey is a modern-day administrator whose focus on innovation, communication, integrity and responsibility establishes a model for leadership in college sports today. Always with an eye on the future, Sankey is also keenly aware of the competitive and institutional

traditions that make the SEC uniquely successful.

Sankey brings a big picture approach to his position by introducing a vision that positions the SEC to leverage its athletics success and popularity for a greater overall cultural and economic impact on the region, the nation and the world.

He introduced his vision of "Scholars. Champions. Leaders." to describe the impact of the SEC in his first major address as commissioner at the Conference's July 2015 Football Media Days.

"Educating scholars and supporting champions provides the platform for developing leaders who will influence the world," said Sankey, outlining a plan for magnifying the SEC's leadership in collegiate athletics.

Advocating for Student-Athlete Opportunity

Now in his third year at the helm of the SEC, Sankey has established himself as an advocate for the student-athlete, creating a framework to provide young people in the Conference with new leadership opportunities and resources to succeed at the highest levels of academic achievement and competitive success. New student-athlete focused initiatives created under Sankey's leadership include:

- Creating a new position in the SEC office for a Director of Student-Athlete Engagement, while also offering student-athletes the opportunity to participate in Conference leadership and prepare for life after their intercollegiate athletics participation concludes. (August 2015)
- Introducing Student-Athlete Leadership Councils for Football, Men's Basketball and Women's Basketball which, in addition to the Conference's longstanding Student-Athlete Advisory Committee, provide student-athletes with additional opportunities to engage with campus leaders and Conference office staff. (May 2016)
- Introducing a Student-Athlete Career Tour during SEC Football Championship Week in Atlanta which provided a group of student-athletes opportunities to engage in career exploration with high level corporations and businesses. (December 2016)
- Expanding the student-athlete role at the 2017 SEC Spring Meetings when seven student-athletes participated in a robust agenda of interaction with administrators and coaches to provide their perspectives to Conference leaders. (May 2017)

Advancing The Conference

Upon assuming the role of commissioner, Sankey moved swiftly to address issues critical to college athletics on both the Conference and national levels.

- Appointed a Working Group on Student-Athlete Conduct, a collection of campus leaders established to develop recommendations for updated Conference policies governing behavioral expectations for student-athletes transferring to an SEC institution. The SEC's policy, adopted in 2016, served as a model for similar policies subsequently adopted by other conferences and institutions and also serves as a foundation for continuing dialogue in the SEC.
- Appointed a Working Group on Compliance, Enforcement and Governance, designed to review and update principles which form the foundation of the Conference membership's commitment of adherence to SEC and NCAA rules, which were first developed in 2004.

Sankey set a priority to enhance Conference championship events for the purpose of providing student-athletes with life-long memories and exceptional experiences for fans, which has included:

- Establishing an agreement with Atlanta's new Mercedes Benz Stadium to serve as the long-term home for the SEC Football Championship Game. (September 2015)
- Awarding Greenville, SC, the 2017 SEC Women's Basketball Tournament, making it the first major collegiate sporting event to be announced in South Carolina following the removal of the Confederate flag from the state capitol grounds. (May 2016)
- Reaching agreement with the City of Hoover, AL, to continue its role as host of the SEC Baseball Tournament after the city committed to construction of a \$70 million baseball campus to enhance the entire baseball tournament experience. (June 2016)

- Engaging with a security consulting firm to review and develop consistent and effective security plans for SEC Championship events. (August 2016)

Sankey has continued the development of Conference officiating with a series of measures blending technology with effective leadership to create greater accuracy and consistency for officiating in all sports, including:

- Working with the NCAA to gain approval for a collaborative instant replay process in the sport of football which was implemented successfully beginning with the Fall 2016 season. (May 2016)
- Working with the American Athletic and Atlantic Sun conferences to create a men's basketball officiating consortium, later adding the Sun Belt Conference. (July 2016)
- Working with the NCAA to gain approval for a collaborative instant replay process in the sport of men's basketball beginning with the 2017-18 season. (May 2017)
- Hiring new coordinators of officials in the sports of men's basketball and softball.

Another priority under Sankey's leadership is to grow exposure for the Conference and effectively publicize success stories of the SEC. Measures he has taken include:

- Collaborating with Conference institutions and the SEC Network to create a series of 30-second video spots titled "I Am The SEC," which feature compelling off-the-field stories of SEC student-athletes in all sports that air during SEC Network events throughout the academic year.
- Engaging with The Richards Group, a highly successful national marketing agency, to develop a comprehensive branding campaign to positively feature the SEC, its student-athletes, alumni, leaders and fans. The theme of the campaign – "It Just Means More" – communicates the history, legacy and overall positive impact the SEC has on its region, the nation and the world.
- Introducing the SEC Graduate Patch, a logo placed on the uniforms of SEC student-athletes in every sport who have earned their undergraduate degree and are continuing their participation in intercollegiate athletics.
- Working with the SEC Network to create unique exposure opportunities for Conference universities, teams and student-athletes, including behind-the-scenes programming, expanding live championship coverage for Olympic Sports, covering all spring football games and adding unique coverage of halftime band performances in football.

A Career In College Athletics

On March 12, 2015, the Presidents and Chancellors of the SEC announced Greg Sankey would succeed Mike Slive as commissioner of the SEC.

Sankey, 53, first joined the SEC staff in 2002 as Associate Commissioner for Governance, Enforcement and Compliance and later added supervision of the league's championships staff to his responsibilities. He was elevated to Executive Associate Commissioner and Chief Operating Officer for the league office in 2012, becoming responsible for the day-to-day operation of the SEC Office.

Sankey is active within the NCAA committee structure, which includes his current service as Chair of the NCAA Division I Committee on Infractions.

Prior to joining the SEC staff, Sankey was Commissioner of the Southland Conference for nearly seven years. He joined the Southland Conference staff in 1992 where he served as both assistant and associate commissioner before he was named commissioner in 1996 at the age of 31.

Prior to his term at the Southland Conference, he was Director of Compliance and Academic Services at Northwestern State University in Natchitoches, LA. While at Northwestern State, Sankey also coached the Demons' golf teams for two years, earning the Golf Coaches Association of America District VI Coach of the Year award in 1991. Before his tenure at Northwestern State, he was the Director of Intramural Sports at Utica College in upstate New York.

A native of Auburn, NY, Sankey earned his master's degree from Syracuse University and his undergraduate degree from the State University of New York College at Cortland. Sankey and his wife, Cathy, reside in Birmingham, AL, and have two adult daughters, Hannah and Moriah.

SOUTHEASTERN CONFERENCE

SECU Academic Initiative

Through its SECU academic initiative, the Southeastern Conference sponsors, supports and promotes collaborative higher education programs and activities involving administrators, faculty and students at its member universities. SECU is led by the president or chancellor of each SEC university and is managed by the chief academic officer.

SECU Academic Initiative Goals Include:

- Advancing the academic reputation of SEC universities beyond the traditional SEC region;
- Highlighting the endeavors and achievements of SEC faculty, students and administrators;
- Identifying and preparing future leaders for high-level service in academia;
- Increasing the amount and type of education abroad opportunities available to SEC students; and
- Supporting collaboration between SEC faculty and administrators.

Current SECU Academic Initiatives Include:

- The SEC Academic Leadership Development Program seeks to identify, prepare and advance academic leaders for roles within SEC institutions and beyond. It has two components, a university-level program and two, three-day, SEC-wide workshops held on specified campuses for all participants.
- The SEC College Tour occurs twice annually, once in the fall and once in the spring. Enrollment administrators from all SEC universities participate in events intended to introduce SEC universities to students, parents and high school counselors from outside of the southeast region.
- The SEC education abroad focus includes a cooperative agreement that gives SEC students access to international programs offered at other SEC universities; an engineering exchange agreement with the Politecnico di Torino in Italy; and Dr Pepper awards that support SEC students with demonstrated financial need who represent non-traditional study abroad participants.
- The SEC Faculty Achievement and Professor of the Year Awards recognize faculty with outstanding records in research and scholarship. There is one winner per campus and one overall winner for the SEC.
- The SEC Faculty Travel Program is intended to enhance collaboration that stimulates scholarly initiatives between SEC universities. The program offers faculty from each SEC university the opportunity to travel to other SEC universities to develop grant proposals, conduct research and deliver artistic performances.
- The SEC MBA Case Competition is an opportunity for SEC business schools to showcase their students' skills at solving simulated, real-world problems that cover the spectrum of business disciplines. The competition is held on one SEC campus and teams of four MBA students compete against other SEC teams, the best receiving various awards and recognition.

Official Sponsor Program

The Southeastern Conference Official Sponsor program began in 1988 with three companies dedicated to intercollegiate athletics and higher education. Now supported by many of the nation's top corporations, this program has evolved into the most successful of its kind.

Each member of the SEC Official Sponsor team shows its commitment to the future of intercollegiate athletics with contributions to SEC Youth Clinics, SEC Scholarship Programs, SEC Academic Enhancement Programs, Championship Grants, FanFare and Legends Programs.

The corporations also conduct consumer promotions designed to increase sales and brand awareness. These promotions also increase public awareness of the member institutions of the SEC, which in turn supports increased ticket sales and high television and radio ratings.

In addition to the broad spectrum of benefits provided by these contributions, each SEC institution is a direct beneficiary of the program. SEC Official Sponsors include Allstate Insurance, AT&T, Belk, Gatorade, Holiday Inn Express, Johnsonville, Mercedes-Benz, Pilot/Flying-J, Regions Bank and Sunkist Soda.

Program Mission

The mission of the corporate sponsor program is:

1. To develop marketing and promotional activities that benefit the SEC, its member institutions and the participating corporations;
2. To emphasize the positive role of athletics in our society; and
3. To provide funding for youth clinics, championship events and academic enhancement programs.

SEC Licensing Program

The Southeastern Conference markets its registered marks (Southeastern Conference, SEC, SEC Seal and SEC logos) through a licensing program with the Collegiate Licensing Company. The SEC began its licensing program in 1988 to protect the use of its name and insignias and to ensure that its member institutions benefit from the use and sale of items bearing its name and/or logos.

The program also ensures that manufacturers and retailers market only the highest-quality merchandise using the conference name and logos. The SEC has joined a significant number of colleges and universities throughout the country to bring about consistency in the marketplace for officially-licensed collegiate products.

- A. In all instances, departure time takes priority. A team may not stay over until Monday to begin or complete a game or series.
- B. In the event the visiting team is not scheduled to leave the host city until Monday and there are no prior travel limitations for the game's umpires that would dictate departure to enact these deadlines, with Conference approval, it would be permissible to waive the 4:00 p.m. deadline for the start of a game and a 6:00 p.m. deadline for the resumption of the game.

6. Authority to Play Doubleheaders

- A. If weather forecasts on Friday or Saturday morning call for a high occurrence of inclement weather on Sunday, the home team with approval of the visiting team may request permission from the Conference office to play a doubleheader on Saturday.
- B. Approval of a prospective Saturday doubleheader shall be limited to circumstances where there is a high likelihood that weather will not permit a game to be played on the final day of the series. This does not apply for possible inclement weather on Friday or Saturday of a weekend series.

FOR THURSDAY THROUGH SATURDAY SERIES

1. If a game is suspended/postponed on Thursday or Friday, the game shall be completed from the point of interruption on the following day prior to the regularly scheduled game. In the event the regularly scheduled game is televised, the suspended/postponed game may be rescheduled, in consultation with the conference office, prior to, or following, the regularly scheduled game, whichever allows the best opportunity to complete such game without interruption.

2. Televised Games Affected by Weather

C. For games televised on ESPN, ESPN2 or ESPNU

- (1) If a game is suspended/postponed on Thursday, and the regularly scheduled Friday game is televised by ESPN, ESPN2 or ESPNU, the regularly scheduled televised Friday game must start at its published start time. If a suspended/postponed game is resumed/started prior to the start of the regularly scheduled televised game, that game must be stopped after the completion of a full inning one hour prior to the start of the scheduled televised game and resumed following the completion of the regularly scheduled televised game.
- (2) If a game is suspended/postponed on Friday, and the regularly scheduled Saturday game is televised by ESPN, ESPN2 or ESPNU, the regularly scheduled televised Saturday game must start at its published start time. If a suspended/postponed game is resumed/started prior to the start of the regularly scheduled televised game, that game must be stopped after the completion of a full inning one hour prior to the start of the scheduled televised game and resumed following the completion of the regularly scheduled televised game.

D. For games televised on the SEC Network

- (1) If a game is suspended/postponed on Thursday, and the regularly scheduled Friday game is televised by the SEC Network, best efforts should be made to start the regularly scheduled televised Friday game on the SEC Network at its published start time. (The suspended/postponed game should be scheduled at a time which provides the regularly scheduled televised game a reasonable chance of starting at its published time.) If a resumed/rescheduled game runs into a regularly scheduled televised SEC Network game time, the resumed/rescheduled game should be completed without interruption.
- (2) If a game is suspended/postponed on Friday, and the regularly scheduled Saturday game is televised by the SEC Network, best efforts should be made to start the regularly scheduled televised Saturday game on the SEC Network at its published start time. (The suspended/postponed game should be scheduled at a time which provides the regularly scheduled televised game a reasonable chance of starting at its published time.) If a resumed/rescheduled game runs into a regularly scheduled televised SEC Network game time, the resumed/rescheduled game should be completed without interruption.
- (3) Depending on the circumstance, the resumed/rescheduled game or the regularly scheduled game may begin/end on the SEC Network Alternate Channel or on SEC Network+.

3. Length of Games

- A. All games played on Thursday and Friday should be scheduled for nine innings. If a suspended game is resumed on Saturday, the regularly scheduled game shall be seven innings.
- B. If weather prevents playing both the Thursday and Friday games, or if the Friday game does not begin because of rain, there shall be two seven-inning games on Saturday. If a Thursday game is suspended and no games are played on Friday, the suspended game shall be resumed on Saturday, followed by a seven-inning game.
- C. If a suspended game is unable to be completed because of inclement weather and has reached official game status (five innings or more per NCAA Rule 5.8), it shall be declared a game.
- D. Once a suspended game is resumed, the game shall be complete if one team has a lead of 10 or more runs after seven innings of play (NCAA Rule 5.8).

4. Restart Times

- A. In the event of rain on Thursday or Friday, no game may start after 10:00 p.m. local time or resume after midnight local time.
- B. On Saturday, all curfew times will be waived in order to play the game on Saturday. No games will be continued to Sunday, however, teams can stay over until Sunday to get the game completed on Saturday.
- C. In the event of Saturday doubleheaders, games will be seven innings each.

5. Authority to Play Doubleheaders

- A. If weather forecasts on Thursday or Friday morning call for a high occurrence of inclement weather on Saturday, the home team with approval of the visiting team may request permission from the Conference office to play a doubleheader on Friday.
- B. Approval of a prospective Friday doubleheader shall be limited to circumstances where there is a high likelihood that weather will not permit a game to be played on the final day of the series. This does not apply for possible inclement weather on Thursday or Friday of a weekend series.

OTHER

1. Authority to Rule on Game Stoppage

The umpire-in-chief has sole authority to suspend, postpone, or cancel the game if conditions become unfit for play.

2. Lightning Strikes

- A. Each member institution shall be responsible for having the capability to determine when lightning strikes are within specified distances from the competition site. When lightning is detected within 10 miles of the competition site, home team game management shall utilize the public address system to inform those in attendance that inclement weather including lightning is within 10 miles and that should patrons vacate the facility for safe shelter, they will be allowed to re-enter with a ticket stub. When lightning is detected within eight miles of the competition site, the competition shall be suspended.
- B. Competition may be resumed after 30 minutes of no detected lightning strikes within an eight mile radius.
- C. A 10 minute warm-up period may be granted following this 30-minute suspension.

Game 11

The championship game featuring LSU and Mississippi State
 was called due to lightning and rain with one out in the
 bottom of the fourth inning with LSU leading 6-0. LSU and
 Mississippi State were declared tournament co-champions
 by SEC Commissioner Roy Kramer. The league did not
 submit an automatic qualifier to the NCAA Tournament.
 However both schools, as well as Georgia, were selected as
 at-large qualifiers.

In 1984 the Southeastern Conference developed the Academic Baseball Honor Roll. The new format was adopted to recognize those athletes who had a 3.0 grade point average (either cumulative or during the past year), and had 24 semester or 26 quarter hours countable toward a degree. Prior to the 1996-97 season, the SEC dropped the requirement of earning a letter for that season.
