What have you seen from Coach Golden thus far?

"A lot. Coach Golden has got a great charismatic attitude about him. He's got super high energy, which is something I haven't really been used to in college. High energy every single day. He's got a great attitude and pushes us to our limits. He's somebody a lot of people want to play for. He's going to get the most out of us, and we're going to be able to learn a lot from him, so super excited for everything we're going to do this year."

Describe the vibe of Coach Golden

"He's pretty energetic. He's fun to play for. He wants to win. He's all about getting better and playing hard. He's definitely got a swag about him. Most coaches who come to the SEC would be nervous, but he looks like he's ready for it. You can see it in his step. He walks around confidently. Always a smile on his face and ready to get to work. I think he'll show the nation how good he is as a coach."
