Kario Oquendo and Braelen Bridges

Kario Oquendo

What is the biggest difference with this year's team compared to last year?

"Last year, there were a lot of question marks with our season. It was always another question, if that makes sense. When you go based on the situation of we were finished 14th and then the year before that. I think this year is more of a fresh start and we know that as a team that we have got to be a lot better than we were last year."

Braelen Bridges

How has the adjustment been with new teammates?

"Obviously everybody came from different places. Mardrez McBride came from a winning team at [North] Texas. Jusaun [Holt] came from Alabama, so everybody knows how to win. I listen to them every day and they listen to me."
