What will your role be on the team this year

"To be a little bit more productive. Still bring my energy, still play with passion. Rebound. Score around the basket when I can. Just get my teammates involved in different ways"

Sahvir Wheeler

What type of shooting team do you think you all will be this year

"We're a good shooting team. Our numbers- when we shoot in five minute shoot-a-rounds- everyone is above 50. We make shots in practice. I know Coach Cal gets on us because that stuff matters. Shooting matters. Making shots when you're running full speed, that stuff matters. We're competitive with our shooting drills in practice. We push each other. Everyone is staying after practice and before practice in the mornings, shooting, and getting extra work in. So I think we'll be a really good shooting team. "
