What has it been like working with Coach Gates for the past few months ?

"Its been great. He's a good guy all around. He works his tail off to make sure we have all the resources we need for the games. Its been good working with him and we plan to have a good year."

What excites you about the team this year

"The versatility. Everyone can do everything. We don't have a set position anywhere on the floor. It's just unpredictable and hard to find."
