

## LSU Tigers

### Alexis Morris & LaDazhia Williams

#### **Alexis Morris**

*How does this team replace key players and rebuild after such a successful season last year?*

"As you know, we lost a little experience, so we had to go to the transfer portal. We've made some really great additions to the team in Angel Reese, Flaujae Johnson, LaDazhia Williams. We have Ryann Payne that'll be coming back. We've just got to fill that void. We're missing five key players with SEC experience, and as we all know, it's not easy to play in the SEC, but we're piecing it together every day and gelling on the court every day. We know we can have another great record like we did last year."

*What is the vibe of the team this year?*

"We're all excited to be together. I feel like we all instantly clicked. There are just good vibes on and off the court. We always go hard and push each other, but we always know it comes from a place of love."
