# INTRODUCTION

Competition between Conference members during the regular season, as well as in Conference post-season championships and tournaments, is one of the fundamental purposes of the Southeastern Conference. The commitment to Conference competition dates back to 1894 when ten universities organized as members of the Southeastern Intercollegiate Athletic Association. Although the number of member institutions and sports has varied since the turn of the century, the basic principles of equitable competition and achievement of common competitive goals have remained as cornerstones of the Southeastern Conference.

The Commissioner's Regulations governing Conference competition, championships and tournaments are written as a guide for all Conference competition between its members and are considered the standard source of information on policies and procedures for the conduct of Conference competition. These Regulations are divided into two parts: 1) general administrative policies and procedures that apply to all Conference competition generally, and 2) specific regulations for each sport.

These regulations are intended for use in conjunction with current SEC Bylaws. If a policy appears in the SEC Bylaws, it is not reproduced in the Commissioner's Regulations; however, the specific reference to that policy may be cited in the regulations under the appropriate topic heading.

These regulations are approved by the appropriate Conference governing bodies and reviewed each year.

**Access to Competition Area.** In all sports, institutions shall limit access to the competition area to participating student-athletes, coaches, officials, support personnel, and properly credentialed or authorized individuals at all times. For the safety of participants and spectators alike, at no time before, during, or after a contest may spectators enter the competition area. Each member institution must provide security and uniformed law enforcement presence around each team and game officials before, during, and after the event to prevent contact with spectators. The area where teams and officials are dropped off and their path to/from team areas must be secure and not accessible to the public. In the event of a field or court rush, the use of uniformed law enforcement personnel and equipment (e.g., - rope, barricade, expandable tunnels) to secure a clear path off the playing surface for the visiting team and all team personnel (e.g. equipment managers), is required. If a field/court rush ensues, the visiting team shall forgo the post-game handshake line and immediately move inside the barricade and get to their locker room as soon as possible. Each institution shall be responsible for implementing procedures to ensure compliance with this policy. Institutional penalties against individuals improperly entering the competition area may include expulsion from the facility, arrest for trespassing, loss of future ticket privileges, or other measures deemed appropriate by institutional law enforcement and administration. Violators who are students must also be subject to institutional student disciplinary measures. [Revised: 6/2/23]

**Communications Plan.** Each institution shall develop a communications plan for encouraging spectators to refrain from entering the competition area. This plan shall include proactive educational messaging from coaches, student-athletes and other athletic department representatives explaining the Conference policy restricting access to the competition area. The plan shall also include additional means for publicizing the policy, including associated penalties for violations, through means such as ticket-back statements, public address announcements, video/matrix announcements, facility signage, etc. Prior to August 1 each year, each institution shall provide the Conference office with its communication plan as well as its field/court rush plan.

**Penalties for Institutional Violations.** For the safety of participants and spectators alike, the Commissioner shall impose the following fines, which shall be paid directly to the opposing institution, for any field or court rush that occurs when the visiting team and/or game officials are still on the playing surface. An institution may adopt a policy allowing spectators to access the competition area once all visiting team personnel and game officials have safely exited the field and thereby avoid application of these penalties. The Commissioner may (in his or her sole discretion) impose additional penalties as he/she deems appropriate.

1. 1st Offense: \$100,000
2. 2nd Offense: \$250,000
3. 3rd and each Subsequent Offense: \$500,000

**Amendments.** The Commissioner's Regulations may be amended in the following manner: [Revised: 7/25/17]

1. Regulations that are a part of the SEC Bylaws may only be amended by vote of the Presidents and Chancellors at a regular or called meeting of the Conference.
2. Regulations that are not part of the SEC Bylaws, but may have philosophical, financial, and/or competition format implications may be amended by a majority vote of the Athletics Directors or, for items relating to men's and women's Olympic sports and women's basketball that do not have a significant financial impact, by a majority vote of the Senior Woman Administrators. The Athletics Directors may request review of any formal action taken by the Senior Woman Administrators at any future meeting.
3. Amendments may be proposed by the Commissioner, coaches groups, Senior Woman Administrators, and Athletics Directors. Proposals from coaches of men's and women's Olympic sports and women's basketball will be sent directly to the Senior Woman Administrators, unless the proposal has a significant financial impact in which case it will be sent to the Senior Woman Administrators first, then to the Athletics Directors with a report of action taken by the Senior Woman Administrators. Proposals from coaches of all other sports will be forwarded directly to the Athletics Directors.
4. Regulations that are editorial in nature or do not have ramifications as noted above may be amended by a majority vote of the coaches of that sport.
5. Prior to any revision in Regular Season Competition/Scheduling policies or the adoption of any proposal that may have an academic impact, the Faculty Athletics Representatives group must review the proposal during its next regularly scheduled meeting.

**Artificial Noisemakers and Sound Systems (Team).** Except as otherwise provided in SEC Bylaw 30.22.1.5 and the Commissioner's Regulations of each sport, artificial noisemakers, and sound systems brought to competition sites by participating teams and team personnel are restricted to the locker and training room areas only. See also, SEC Bylaw 30.22.1.5(d)

**Availability of Alcoholic Beverages at Athletic Events.** Each institution is permitted to determine the permissibility of selling alcoholic beverages in athletics venues and shall establish a policy governing the sale and distribution of alcoholic beverages in its athletics facilities. Institutions that offer alcohol sales in public areas must incorporate Conference-wide alcohol management expectations, which include: *[Adopted: 5/31/19, effective 8/1/19, Revised 5/3/23]*

1. Alcoholic beverages are to be sold and dispensed only at designated stationary locations;
2. Alcoholic beverages may not be sold by vendors within the seating areas;
3. Identification check is required at every point of sale to prevent sales to minors;
4. Limits must be established on the number of drinks purchased at one time by an individual;
5. Alcohol may be dispensed in cans or plastic bottles but must be opened prior to being served (seller must retain cap). If cans or plastic bottles are used as projectiles or otherwise cause game management issues, the institution is subject to an immediate fine and suspension of the alcohol sales privilege; *[Revised: 6/11/20]*
6. Safe server training and additional training for staff to handle high risk situations is required; and
7. Designated stop times for sale and/or distribution of alcohol must be enforced as follows:
  - A. Football (end of 3rd quarter);
  - B. Basketball (Men's—Second half 12-minute TV timeout; Women's—End of 3rd quarter);
  - C. Baseball (end of the top of 7th inning);
  - D. Softball (end of the top of the 5<sup>th</sup> inning); and
  - E. Other Sports (At a designated time, no later than when 75% of the event's regulation length competition is scheduled to be completed).

Each year, the Conference membership shall review this policy to determine institutional compliance with established expectations and evaluate fan conduct and alcohol-related incidents for the purpose of determining the need to revise the Conference's alcohol policy. Implementation of these management expectations does not include suites, clubs, or private leased areas. Each institution shall establish a policy for the admission of outside food and beverage into its facilities. As with all areas of the stadium, maintaining the safety of patrons and participants and maintaining an atmosphere suitable for families is of utmost importance.

**Awards.** The Conference sponsors an awards program for each sport, as well as programs for each championship and tournament. General guidelines for the voting processes are outlined below: (See Supplement A of this section for a complete list of sport-specific awards)

1. **Guidelines** These guidelines are in place to ensure fair treatment of all student-athletes and coaches and are to be followed in all voting processes. All votes are submitted on behalf of the institution and thus, if a coach does not follow procedure, the Athletics Director or his/her designee will replace that coach's vote. Deadlines set by the Conference office must be adhered to in both the nomination process, as well as the final ballot. It is understood that all nominations and ballots are the responsibility of the institution. If the coach misses a specific deadline set by the Conference office, such forms become the responsibility of the athletics director or his/her designee. Institutions that miss nomination and/or voting deadlines set by the Conference office are subject to dismissal of that institution's forms.
  - A. Coaches may not vote for themselves or their student-athletes for awards determined by a vote of the head coaches.
  - B. A ballot must be completely filled out to be counted.
  - C. A coach must vote for post-season awards.
  - D. Only nominated student-athletes may receive votes for post-season awards. In all cases, a coach may only nominate his/her own student-athletes.
  - E. An institution may nominate more than one student-athlete for an individual award, including Scholar-Athlete, Freshman, and Athlete of the Year.
  - F. On a coach's ballot, his/her vote for Player of the Year must be listed among his/her All-SEC votes.
  - G. On a coach's ballot, his/her vote for Freshman of the Year must be listed among his/her All-Freshman

votes.

2. **Roy F. Kramer Athlete of the Year Awards.** [SEC Bylaw 30.22.1.4a]
3. **H. Boyd McWhorter Scholar-Athlete of the Year Awards.** [SEC Bylaw 30.22.1.4b]

    - (2) If a student-athlete attends summer school, his/her grade point average during the summer academic term must be included in the calculation used to determine eligibility for the Academic Honor Roll.
    - (3) Student-athletes eligible for the Honor Roll include those receiving an athletics scholarship, recipients of an athletics award (i.e., letter winner), and non-scholarship student-athletes who have been on a varsity team for two seasons.
    - (4) Prior to being nominated, a student-athlete must have successfully completed 24 semester or 36 quarter hours of non-remedial academic credit toward a baccalaureate degree at the nominating institution.
    - (5) The student-athlete must have been a member of a varsity team for the sport's entire NCAA Championship segment.
    - (6) The SEC Academic Honor Roll shall be compiled and released following each sport's championship event, as follows:
      - a. Cross Country, football, volleyball, soccer – Honor Roll recipients shall be announced by the Conference office during the first week of February, based on the student-athletes' preceding fall, summer, and spring terms. [Revised: 11/18/15]
      - b. Basketball, equestrian, gymnastics, swimming and diving – Honor Roll recipients shall be announced by the Conference office during the third week of April, based on the student-athletes' preceding fall, summer, and spring terms.

8. **Scholar-Athlete of the Year.** The recipient in each sport will be determined by vote of the head coaches. Coaches will vote during the All-SEC process for their sport. Each vote is worth one point. The criteria for nominating a student-athlete for the Scholar-Athlete of the Year are as follows:
  - A. Nominee must be a starter or important reserve with legitimate athletic credentials.
  - B. Nominee must have participated in at least 50 percent of team's games for the nominating year.
  - C. Nominee must have at least a 3.2 cumulative grade point average for his or her collegiate career. A nominee in graduate school must have a cumulative grade point average of at least 3.2 both as an undergraduate and as a graduate student.

- D. Nominee must have reached sophomore athletic and academic standing at the participating institution (True freshmen, redshirt freshmen and ineligible athletic transfers are not eligible.).

- 13. **Coaches of the Year.** Criteria for selection are outlined in the Commissioner's Regulations for each sport.
- 14. **Athletes of the Week.** The Conference will select an "Athlete of the Week" from nominations submitted to the Conference office by the sports information office from each member institution.
- 15. **Freshmen of the Week.** The Conference will select a "Freshman of the Week" from nominations submitted to the Conference office by the sports information office from each member institution.
- 16. **Community Service Teams.** Each institution selects one student-athlete per sport sponsored by the Conference. Selection is based on community service performed by the student-athlete. The cross country, indoor track and outdoor track "Community Service Team" will be selected during the outdoor track season.

**Bands, Banners, Cheerleaders and Mascots.** Specific policies regarding bands, banners, cheerleaders, and mascots are addressed in the SEC Bylaws or Commissioner's Regulations for each sport.

**Coaches Committees and Meetings.** [SEC Bylaw 21.8 and 21.9]

**Championship Manuals.** For on-campus championships, the host institution shall provide appropriate information packets to each participating institution as specified in the Commissioner's Regulations for each sport. The Conference championship staff shall provide appropriate information packets to each participating institution for neutral-site championships.

**Championship Sites.** The Executive Committee must approve all championship or tournament sites, unless otherwise specified in the Commissioner's Regulations for each sport. Such sites may be proposed by the Commissioner, coaches' groups, Senior Woman Administrators, or Athletics Directors. Site proposals from coaches must be reviewed by the Senior Woman Administrators and/or Athletics Directors prior to submission to the Executive Committee. Exceptions to this policy are specified in the Commissioner's Regulations for each sport.

**Crowd Control and Game Management.** The Presidents and Chancellors of the Conference are committed to excellent crowd control at all athletic events. They have passed several resolutions stating their aims and objectives for promoting mutual trust and friendly relations between Conference members and other institutions by emphasizing the need for spectator and student-athlete sportsmanship at athletic contests. The Athletics Director of the host institution shall assure that crowd control and game management are exercised in the best interests of safety and fair play for the participants, as well as for spectators. The Athletics Director shall designate a full-time staff person (or persons) to serve as game management director; however, ultimate responsibility remains with the Athletics Director. The home institution shall supply the visiting coach and game officials with the name and location of the individual responsible for game management and crowd control. The Athletics Directors of each institution are expected to communicate with their student-athletes, coaches, and fans to encourage enthusiastic support within the confines of good sportsmanship. Host institutions must provide adequate security and ushers, preferably in uniform, for effective crowd management. Attention should be given to seating arrangements that will alleviate crowd-control problems. In addition, evacuation and emergency plans should be in place and reviewed on a regular basis.

**Competition Area Lighting.** Competition facility light shows fall into the following two categories: 1) full facility light coloring in which the game lights are dimmed and/or change colors, or, 2) game lighting remains at competition level while lights perform movement, including chase and flickering effects. In order to ensure the safety of participants and the opportunity for instruction by coaches during breaks in competition, the following guidelines regarding lighting effects shall apply: [Adopted: 1/4/23]

1. Lights must remain on and at competition level over the competition surface from the start of the competition until teams have safely exited the competition area following the conclusion of competition.
2. White and color lighting movements may be performed (but lights shall not be dimmed or consist of color-only effects) at certain approved breaks in competition (e.g. halftime, media timeouts, between rotations,

between innings, etc.).

3. For any lighting effect, lights must return to normal game lighting fifteen seconds (0:15) prior to the end of the timeout or break.

**Equal Access to Locker Rooms.** Equal access must be given to all media representatives, regardless of gender, at any time interviews with coaches and/or student-athletes are conducted, including after competition. Equal access is defined as access to coaches and/or student-athletes at the exact same time and at the exact same place. Bringing players to a separate area for reporters of the opposite gender is not considered equal access. The exact method of ensuring equal access shall be determined by the institution.

**Financial Responsibilities.** The method of distributing net receipts is specified in the SEC Bylaws. Host institutions shall file a financial report with the Conference office not later than 60 days after the event. See also, SEC Bylaw 31.

**Forfeit Policy.** A team that is unable to compete in a regular season Conference contest due to the unavailability of participants (e.g. COVID-19, injuries, etc.), shall be deemed to have forfeit the contest and will be assigned a loss in the respective Conference standings. An opposing team that is ready to play shall be credited with a win, and both teams will be deemed to have completed the contest in the standings. If both (or multiple) teams are unable to compete due to the unavailability of participants (e.g. COVID-19, injuries, etc.), all unavailable teams shall be deemed to have forfeit and shall be assigned a loss and be considered to have played in the standings. The Commissioner may declare any contest as a "no contest" if extraordinary circumstances warrant at his/her discretion. Tie-breaker procedures specific to each sport shall apply in determining Conference champions, division champions, and/or seeding in Conference championship events. [Adopted: 8/17/22]

**Interrupted Game Procedures.** All personnel, including Athletics Directors, game management personnel, game officials, coaches, players, and Conference office staff, shall use their best effort to ensure each Conference contest is played to its conclusion. The Conference recognizes, however, emergencies may arise that make a contest's completion impossible or inadvisable. Such circumstances may include, but are not limited to, severe inclement weather, natural or man-made disasters, power failures and spectator interference. Contests should be delayed, relocated, suspended, canceled, postponed or terminated (see definitions below) when circumstances exist such that commencement or continuation of play would pose a threat to the safety of game participants. The following procedures shall apply to any sport which does not have sport-specific Inclement Weather or Interrupted Game Procedures.

1. **Definitions.**

- A. **Delay** - To delay a contest is to delay the start of a contest until a later time on the same date.
- B. **Relocate** - To relocate a contest is to change the location of the competition.
- C. **Suspend** - To suspend a contest is to temporarily halt play for a short duration after the contest begins.
- D. **Cancel** - To cancel a contest is to nullify it either before or after it begins and to make no provision for rescheduling it or for including its score or other performance statistics in Conference records.
- E. **Postpone** - To postpone a contest is to (a) defer its starting time to a later date, or to (b) suspend it after play has begun and make provision to resume it at a later date with all scores and other performance statistics up to the point of postponement added to those achieved in the resumed portion of the contest.
- F. **Terminate** - To terminate a contest is to end it short of a full-designated duration of play, officially record it as a completed contest, and make no provision to resume it at a later date.

2. **Authority.** Authority to delay or relocate a contest is vested with the home institution's Athletics Director or designated senior level administrator. Authority to suspend a contest is vested with the officials. Authority to cancel, postpone or terminate a contest is vested *only* with the Commissioner or his/her designee.

3. **Guidelines.**

- A. The home institution's Athletics Director or designated senior level administrator shall have the authority to determine whether a contest should, prior to its start, be temporarily delayed until a later time on the same date. Once a contest has started, the decision to suspend play is the responsibility of the game officials.
- B. If extenuating circumstances occur that necessitate the relocation of the contest site within the same city, the home institution's Athletics Director or designated senior level administrator shall have the authority to determine whether and where the contest should be relocated. The decision should be made in consultation with the visiting team. The alternate site must be in full compliance with all NCAA playing

rules and regulations governing that particular sport.

- C. If a contest is postponed prior to its start for any reason, the two participating institutions, in consultation with the Commissioner or his/her designee, shall attempt to reschedule the game at a later time or date. If the contest cannot be rescheduled, the Commissioner shall cancel the contest.
- D. If a contest is suspended for any reason after play has begun, the contest must be resumed as soon as conditions are deemed safe by the officials in consultation with the home team game management personnel.
- E. A suspended contest may not be resumed after midnight local time, or two hours following the point of suspension, whichever is later.
- F. If a contest is suspended after play has begun and cannot resume before midnight local time, the two institutions, in consultation with the Commissioner, shall attempt to declare the game postponed, and resume it at a later date.
- G. In the event a contest cannot be resumed at a later date, the following will apply:
  - (1) If the contest is suspended prior to the completion of one half of play (halftime), the Commissioner shall declare the contest *canceled*.
  - (2) If the contest is suspended after the completion of one half of play (halftime), the Commissioner shall declare the contest *terminated*.

In the event a contest is delayed or suspended and it does not appear play will be resumed on that date, the Athletics Directors (or designated representatives) of both participating institutions, game management personnel and the Conference office representative (if available) shall meet with the game officials in the officials' dressing room, or another suitable location nearby. The Conference office representative shall communicate with the Commissioner, who has the sole authority to declare a game canceled, postponed or terminated. If the Conference office representative is not on site, the home institution's Athletics Director or designated senior level administrator shall contact the appropriate Conference administrator. The home team game management, in consultation with the Conference office representative, is responsible for disseminating information regarding such a decision to the teams, media and general public.

#### **Lightning Policy.**

- 1. Each member institution must have the capability of determining when lightning strikes are within specified distances of the competition site for all outdoor events.
- 2. When lightning is detected within 15 miles of the competition site, the home institution shall notify the head referee-umpire.
- 3. When lightning is detected within a minimum of 10 miles from the competition site, home team management shall utilize the public address system to inform those in attendance that inclement weather including lightning is within 10 (or more) miles and that should patrons vacate the facility for safe shelter, they will be allowed to re-enter with a ticket stub.
- 4. When lightning is detected within eight (8) miles of the competition site, competition shall be suspended. Competition may be resumed after 30 minutes of no detected lightning strikes within an eight-mile radius. A 10-minute warm-up period may be granted following this 30-minute suspension.
- 5. In cases of severe weather being detected prior to the start of competition: A maximum of 10 minutes may be used, at the discretion of the home institution, for the marching band, national anthem and introductions, immediately following the 30-minute time period of no detected lightning strikes.

**Lodging.** It is the responsibility of the host to ensure that adequate housing is available to all participating institutions. Each institution is responsible (unless otherwise noted in the Commissioner's Regulations or championship/tournament manual) for finalizing its own lodging arrangements.

**Marketing/Sponsorship Policies.** Any agreements and contracts that result in corporate sponsorship of a Conference championship or tournament must be approved by the Commissioner. This does not preclude a host from obtaining nominal sponsorship and trade-outs from local businesses that are interested in supporting the event. The Commissioner has the right of final approval of all commercial sponsorship, exhibitors and merchandisers at a Conference championship or tournament.

**Medical Policies.** Adequate medical personnel must be present or on call at all sessions of the event (practice and

competition). The host is responsible for obtaining the necessary medical staff and supplies. Additional policies may be specified in the Commissioner's Regulations for each sport.

**Minimum Penalties for Violations of Specified NCAA Bylaws.** The Conference has established minimum penalties for violations of specified NCAA Bylaws. *See, Supplement E. [Revised: 12/13/16, Revised 6/2/23]*

**New Coaches Orientation.** Upon initial employment at a Conference institution, all new staff members who are involved in on or off-campus recruiting activities should be provided an educational video produced by the Conference office as an introduction to the Conference and its rules and regulations. Each institution is free to deliver the material in the manner it deems most efficient and effective (e.g. forwarding directly to each new staff member upon hire, showing in-person to a group of new staff hires, etc.), and the content may be used to satisfy the Conference rules education requirement outlined in SEC Bylaw 13.1. *[Revised: 1/16/23]*

**Officials.** Officials and officiating fees/travel expenses for all Conference tournaments and championships shall be approved by the Commissioner. Unless otherwise approved and noted in the Commissioner's Regulations, the expenses and fees shall be the responsibility of the host. *See also, SEC Bylaw 30.20.*

**Playing Conditions.** Policies regarding playing conditions are addressed in the Commissioner's Regulations for each sport. *See also, SEC Bylaw 30.22.1.5.*

**Post-Game Interviews.** Following each contest of a Conference tournament or championship, participating institutions shall make coaches and student-athletes available for interviews. These interviews are designed to provide the media with championship or tournament information required for thorough coverage of the event and to limit the demands placed upon coaches and student-athletes. The sports information department of the host institution (unless otherwise designated) shall coordinate and supervise post-game interviews. Interview policies for specific sports are contained in the Commissioner's Regulations for those sports. Also refer to Equal Access to Locker Rooms, as noted above.

**Programs and Promotional Materials.** The Conference shall provide a complete program for the baseball, men's and women's basketball, football, gymnastics, soccer, and softball championships. For other tournaments and championships, host institutions shall produce an informational supplement to be provided to fans.

**Results and Statistics.** Host institutions shall: (1) record the official results and statistics of all conference and non-conference contests; (2) forward a copy of such official results and statistics to the Conference office immediately following the conclusion of the contest; and (3) forward a copy of such official results and statistics to each participating institution in a timely manner.

**Scheduling.** Scheduling of Conference competition takes precedence over scheduling of non-conference competition in all sports.

**Sportsmanship.** Consistent with SEC Bylaw 10.5, all individuals employed by or associated with a member institution, including institutional staff members, student-athletes, boosters, and fans, are expected to conduct themselves with honesty, integrity, and good sportsmanship, and shall therefore exhibit respect and courtesy towards opposing student-athletes, coaches, and game officials. It is the responsibility of each member institution to establish policies for sportsmanship and ethical conduct in intercollegiate athletics consistent with the educational mission and goals of the institution. Furthermore, member institutions are responsible for educating all constituencies about these policies on a continuing basis. In addition, all individuals shall also adhere to the following principles of good sportsmanship: *[Revised: 8/7/18]*

1. **Public Comments.** All individuals shall make every attempt to promote the Conference and its members in a positive manner.
2. **Media Access.** All individuals shall make every effort to promote a cooperative environment with the media by providing reasonable access to interview student-athletes and staff.
3. **Student Conduct.** Each institution shall ensure that all students involved in athletics activities, including student-athletes, band members, cheerleaders, mascots, and general students attending as fans, are informed of the appropriate standards of behavior and good sportsmanship.
4. **Promoting Sportsmanship.** Each institution shall aggressively address the issue of sportsmanship through various forms (e.g., video spots, public address announcements, radio spots, television spots and print ads in game day programs).

5. **Throwing Items onto the Playing Surface.** Each institution shall adopt a policy prohibiting fans from throwing items onto the playing surface. Such policy must specify (without limitation) that violators who are clearly identified will be ejected from the playing facility.

**Television, Radio and Media Services.** All television and radio agreements for Conference championships and tournaments must be approved by the Commissioner. The media services associated with the event generally are the responsibility of the sports information department of the host institution, although it is understood that sports information personnel from participating institutions shall assist as needed. Specific policies for each sport are described in the Commissioner's Regulations or championship and tournament manuals.

**Tickets.** A host institution shall provide the visiting team (at its request) with up to 50 complimentary admissions for any regular-season competitive event for which the host institution charges admission. (Additional information is provided in the Commissioner's Regulations for each sport.)

**Tobacco-Related Products.** The use of tobacco-related products by players, coaches, support personnel (i.e., managers and trainers), game personnel (officials, chain crews and table crews) and staff in all sports during practice, Conference competition and Conference championships and tournaments (including banquets, press conferences, post-game interviews, and at all stadiums, arena facilities and competition grounds) is prohibited. This prohibition is applicable to all activities at the athletic competition and practice, including press box areas and locker rooms.

**Uniforms and Apparel.** The uniforms and apparel of all participants in Conference tournaments and championships must conform to appropriate standards of safety and good taste. All student-athletes shall wear uniforms that identify their institution by school name or school colors. This policy applies to regular-season and post-season play. All student-athletes shall conform to NCAA regulations governing the appearance of commercial identification on uniforms, equipment and apparel. Failure to adhere to this policy may result in ineligibility to continue participation in the sport.

6. The list of game officials assigned to a game shall not be announced to the media and/or public prior to the distribution of pre-game information packets before a game.
7. Payment of the game officials will be handled by the conference office. Each institution will be invoiced for its share of the compensation and travel/expense reimbursements for the game officials. The Conference office and Athletics Directors shall set the fees and travel/expense policies.
8. Each official assigned to a competition is entitled to a maximum of two complimentary tickets to that competition. Officials shall contact the ticket offices directly. The deadline for ticket requests is ten days prior to the competition.

**Practice by Visiting Team.** Weather permitting, visiting teams shall be permitted to practice on the field used for competition on either the day/night prior to or the morning of the first game of a conference series. It is the responsibility of the visiting team to notify the host institution prior to the start of a series to arrange for such a practice. The host institution shall determine whether weather and/or field conditions are acceptable for practice, and the visiting team may be required to assist in the field preparation (e.g., removal or placement of the tarp). For practices on game days, the visiting team must adhere to the host institution's grounds crew game day protocol during its practice (e.g., use of a hitting and/or pitching mat). A coach, administrator, or trainer from the visiting team must be on-site during its practices. *[Revised: 12/15/15, 10/27/16, 10/10/19, 12/1/21]*

This site will be available for stretching and throwing only. Neither team may hit batted balls on the playing field during the 35-minute periods. As an example, if Team A (home) is in the designated 35-minute batting practice/warm-up at one hour and 45 minutes prior to first pitch, then Team B (visitor) will follow Team A's established protocol for what activities may or may not occur on the field, inside/outside the lines, etc. However, during a team's seven-minute field period, the opposing team may warm-up on the playing field in foul territory. *[Revised: 10/4/18]*
- D. There shall be a two minute "turnover" period that occurs between home and visiting team warm-up. The home team must be free and clear of the field and batting cages following this two-minute warm-up period in order for the visiting team to receive a full 35-minute warm-up period.
- E. Institutions shall submit their home facility's pre-game protocol to the Conference office by February 1 prior to each season. Collected protocols will then be disseminated to all participating institutions prior to the start of the Conference schedule. *[Adopted: 11/2/22]*

The Conference schedule is set by administrative action of the Conference. Institutional administrators may change the date of a Conference game with mutual consent and upon approval by the Conference administrator. Revisions to a Conference schedule that are associated with spring break require the approval of the Commissioner. In no case shall a team stay over on Monday to start or complete a Conference game or series (unless otherwise permitted by administrative action of the Conference). There must be a minimum of 20 minutes between games in a double header and game management personnel shall be available to escort umpires during this interval period. [Revised: 12/12/17]

The visiting team will wear its dark uniform on the first day of the series, its light/white uniform on the second day, and its dark uniform on the final day. Head coaches will verify the color of uniform to be worn when they discuss practice times.

**Video Boards/Replays.** Institutions are not limited in the use of replays (including number of replays shown), except as set forth in NCAA Softball Playing Rules (See Appendix H - Rules for Video, Audio, or Matrix Boards). The time during which permissible replays may be shown is from the end of a play until the next batter enters the batter's box. Replays may also be shown later during the game as part of a package of highlights during a middle-of-inning or end-of-inning break. In no circumstances will the in-stadium video system be used to embarrass, humiliate, or disgrace an umpire or visiting team members or coaches, incite the crowd or distract a participant or coach. Each school must designate a full-time staff member with a high degree of accountability to be responsible for determining what video appears on the stadium video board.

**Video and Electronics Equipment.**

1. An institution may only videotape its own contests.
2. The home and visiting teams may video the contest from a centerfield camera location. The home team may also video the contest from any location outside the team area. If the home team elects to video from a location or angle other than centerfield, the home team must video the game in its entirety from that location or angle.
3. The home team shall provide the same video including all angles (centerfield and non-centerfield locations) to the visiting team. The home team shall provide a video feed from its equipment to the visiting team or, if providing the video feed is not possible, a DVD or external drive copy of the video captured during the contest to the visiting team. [Revised: 10/4/18]
4. If the home team does not utilize a camera angle or a camera is not operating properly, the home team must cover the camera to indicate that the angle is not available and neither team has access.
5. When the visiting team elects to video from a centerfield camera location, the visiting team shall provide a

video feed from its equipment to the home team, or, if providing the video feed is not possible, a DVD or external drive copy of the video captured during the contest to the home team if this video is requested by the home team. [Adopted: 10/4/18]

A team who desires to utilize such technology shall inform its opponent no later than the day prior to the first game of a series of its intent to utilize. The home team shall designate an appropriate location where the information can be gathered by the visiting team if the visiting team indicates that it will utilize the technology. This location should not block the sight lines of fans or pose as a safety or security hazard. A team who utilizes such technology shall be required to share the information collected with their opponent following the game, and may share the information with the umpires at the team's discretion. ## SUPPLEMENT A

**SOUTHEASTERN CONFERENCE  
SOFTBALL BARREL COMPRESSION TESTING (BCT) PROTOCOL**

**GENERAL PRINCIPLES**

1. Southeastern Conference institutions shall follow the NCAA Bat Compliance Testing Program. The Conference Barrel Compression Testing (BCT) protocol is meant to work in concert with the NCAA Bat Compliance Testing program except where policies are specific to the Conference.
2. Coaches and administrators of Conference institutions are obligated by the NCAA Softball Rules to play with legal equipment and to remove any illegal equipment from play.
3. Barrel compression testing will be conducted prior to each Conference contest (regular and post season) but only the first game of a double header. Per NCAA rules, barrel compression testing is also required prior to all non-conference games or the first game of a non-conference series or tournament.
4. Each institution is required to purchase and use the LV Sports (formerly WSU) bat testing machine for the Conference softball season.

**LOCATION AND TIME OF TESTING [Revised: 1/25/18, 10/4/18]**

1. The home team shall designate the sport administrator, event manager or other administrative designee to oversee the administrative process of the testing (e.g., overseeing the meeting and filling out the form).
2. The crew chief will be responsible for testing both team's bats (e.g., physically placing the bats in the machines). The home team's administrator will serve as the observer and record the results.
3. Both coaches (or appointed designee(s)) will bring all bats to the testing location, as well as their logo stickers provided by the Conference. Each team's logo stickers must be available in the testing location prior to the start of the home team's testing.
4. Bat testing shall begin two hours prior to the scheduled start time of each game of the series. The home team's bats shall be tested first. The visiting team's bats shall be tested following the home team's bat testing. In the event of a doubleheader, BCT will only be conducted prior to the first game of the doubleheader. [Revised: 10/4/18, 10/10/19]
5. Location of the testing will be determined by the home team and communicated via email to the visiting team's head coach no later than 48 hours prior to the first game of the series.
6. The crew chief must be present during testing and shall be made aware of when/where testing will take place. Each team has the option to have a designated staff member present during their opponent's testing.
7. Testing shall not be conducted in public view or near fans/media.

**TESTING PROCEDURE**

1. On the WSU or LV fixture, 1550psi shall be the lowest (softest) passing score except as noted on the current NCAA Approved Softball Bat List for specific models granted a lower passing score.
2. Each bat will be tested until it receives two pass results or two fail results whichever comes first.
3. Each bat will be tested approximately 6 inches from the end of the barrel. The bat will then be rotated 90 degrees and tested again.
4. If after the first two tests:
  - A. The bat has two pass results, the bat receives the appropriate sticker and is ready to be used in competition;
  - B. The bat has two fails, the bat is surrendered and will not be returned for use; or
  - C. The bat has one pass result and one fail result after the second test, the bat will be removed from the machine and inspected for cracks. If none is found, the bat will be inserted into the machine and tested the third and final time.
    - (1) If the bat has a second pass result, the bat will be identified as passed and the sticker affixed.

- (2) If the bat receives a second failed result, the bat will be deemed unacceptable and surrendered to the testing team.
5. Bats passing both tests will receive a tamper-proof sticker to be placed on the taper of the bat so that it is easily visible.
6. The opponent's sticker will be placed on bats that have passed. (e.g., if Arkansas is playing Georgia, the Arkansas sticker is placed on the passing Georgia bat and the Georgia sticker is placed on the passing Arkansas bat.)
7. The visiting team shall always travel with its own stickers to be used during the testing. The home team is not responsible for stickers of the opposing teams.
8. The stickers should be removed after the series has been completed.
9. The Conference staff will purchase each institution's stickers and ship to each head coach prior to the start of Conference play.

#### **PROCEDURES FOR FAILED BATS**

1. A bat that fails the BCT testing during a series will be deemed illegal and remain in the immediate possession of the home team's event manager until the end of the series.
2. If a bat fails testing, the bat is dead for that series and cannot be re-tested for that series.
3. The home team's sport administrator, event manager or appointed administrative designee will return a visiting team's illegal bat to the visiting team head coach at the conclusion of the last game of the series.
4. The home team's sport administrator, event manager or appointed administrative designee will give a home team's illegal bat to the home team's SWA.
5. For each failed bat, the home team event manager (or administrative designee) will complete the SEC Failed Bat Form and submit the form via email ***no later than 48 hours after completion of bat testing for the series*** to the Conference office, with copies of the form sent to the head coach and SWA of the affected institution.
6. It is the responsibility of the head coach to give the failed bat to his/her SWA upon the team's return to campus.
7. All failed bats shall not be used in any subsequent game.
8. The Conference office will submit failed bat information to the NCAA Bat Testing Administrator.

- When the competition venue has two separate batting cages that are of similar size, a team may begin its initial 35-minute batting practice/warm-up at any time prior to the initial field prep. The initial field prep begins 33 minutes prior to game time.
- If possible, institutions should combine field crew prep and umpire meeting.
- Intro videos shall be limited to 60 seconds in length.
- If a game is televised, media relations and marketing will work with the producer to adjust the pre-game timing protocol to accommodate timing of requested first pitch.
- Weather issues may dictate a need to adjust the recommended protocol. For example, if there is rain or has been rain, then the field crew may need more than 5 minutes to get the field ready. Coaches, umpires, field crew, media and marketing will need to work together to coordinate any adjustments to the pre-game protocol.
- If mutually agreed upon, senior day or other special activities may occur prior to the start of intros. The timing sheet will need to be adjusted to account for these activities.
